2. ENEMY

a. General. Forty (40) sightings, totalling 147 Viet Cong sighted were reported during the month. Most sightings were in the THANH PHONG village. There were sixty (60) contacts initiated by the VC, three (3) of which were mortar incidents. The majority of the contacts were in KY MINH and THANH PHONG village, with the exception of the mortar incidents which occurred in the HOA LAI village area, in AN TRACH #1 and #3 hamlets. The sixty (60) incidents this month compare to thirty-six (36) incidents last month, none of which were mortar incidents. The most serious incident occurred on the 28th of August, when an estimated twenty five VC attacked the CAU DO Bridge position, successfully destroying the center pillar, dropping two (2) spans into the water and thus rendering the bridge impassable to traffic. Eleven (11) VC bodies were left behind, with drag marks and blood trails indicating many more killed or seriously wounded. Fifty-two (52) mines were encountered this month, 25 of which were detonated resulting in 39 USMC WIA. This is 1.56 casualties per detonation, as compared to 81 mines, 22 detonations resulting in 46 casualties for the month of July.

Operations in the vicinity of DUY KUYEN District Headquarters this month resulted in ten (10) sightings, for a total of 24 VC sighted, 9 VC KIA (conf), 4 Detainees, 7 mines encountered two (2) detonated, and 8 USMC WIA. In addition, six (6) weapons were captured in the area.

UNCLASSIFIED

UNCLASSIFIED

[REDACTED]

[REDACTED]

An evident intensification of VC activity occurred this month. Numbers of VC sighted went up 80%, but the number of sightings did not significantly increase, indicating larger groups of VC were operating this month as compared to last month. The three mortar incidents compare to no mortar incidents in July, and an increase in road mine incidents was experienced. Casualties per mine detonated were down by 25%, as was the total number of mines encountered.

b. Enemy casualties inflicted.

- (1) VC KIA Confirmed: 21
- (2) VC KIA Probable: 16
- (3) VC Captured: 9
- (4) VC Relinquished: 0

c. Enemy Units which operate near our TAOR.

(1) DIEN BAN (LF) Company (Q-15) with an estimated strength of 100, operating at BT 0159. The normal operating area of this company is BT 0355.

(2) 402nd (MF) Sapper Battalion, with an estimated strength of 360, last reported at (AT 835673). The normal operating area of this unit is AT 8060.

(3) R-20th (LF) Battalion, with an estimated strength of 270, last reported at AT 9953. The normal operating area of this unit is AT 9853.

(4) V-25th (LF) Battalion, with an estimated strength of 350, last reported at BT 1952. The normal operating area of this unit is AT 8248.

d. Weather and Terrain. No change.

3. Organization & Operations

e. Company F participated in Operation PIKE with the 1st Bn, 1st Marines during the period 1-3 August, and company G participated in Operation COCHISE with the 5th Marines from 9-18 August. The battalion exercised control both from the battalion base camp, and a light command group in the field during the month, deploying on two occasions to DUY XUYEN District Headquarters for Search and Destroy Operations in that vicinity.

UNCLASSIFIED

b. On twelve (12) separate occasions, platoons of all companies were scheduled for "Rough Rider" security force assignments. All but two (2) of these were conducted. Enemy attacks on 2 major bridges along the MSR effectively prevented motor convoys from accomplishing their prescribed schedule on these two occasions.

c. Predominant night operations were conducted by small units, particularly in the Rocket Belt area. Contact with the enemy remained light until the night of 27-28 August when 25 VC attacked the CAU DO Bridge, managing to penetrate with swimmers and partially destroy the bridge by explosives placed on the center intermediate support, thereby collapsing two spans. Reaction forces were deployed on two occasions responding to the two rocket attacks on the Danang area.

d. Air

(1) Helicopter

1st MARINE AIRCRAFT WING helicopters, in support of 2nd Bn 1st Marine Regiment performed 30 Emergency Medevacs carrying 89 Marines and civilians, 9 Priority Medevacs for 23 persons, and 6 Routine Medevacs carrying 11 persons.

Elements of 2/1 received 11,000 lbs of resupplies from 3 priority and 1 emergency mission. The emergency resupply was 1,000 lbs of water for Co G 2/1 (OPCON to 1/5) on operation COCHISE. HST support on COCHISE was excellent. During 2/1's operation near DUY XUYEN on 22, 23 Aug. HST support was marginal to poor.

Three troop helilift missions were conducted, lifting 535 Marines into or from operational areas.

The Battalion was supported in PsyWar by 2 leaflet drop/broadcast missions.

Admin and Liaison helicopters performed 8 missions supporting 2/1. These consisted of routine hospital visits, commanders reconnaissance and liaison visits to coordinate operations.

(2) Fixed Wing

Light Observation Aircraft performed 19 serial recon, spotting and observation missions supporting Battalion activities. Many more recon and observation missions were consid-

ered, but due to other commitments and aircraft availability more support could not be provided.

Five close air support missions were conducted in 2/1 operating areas. Four missions were flown by 1st MAF aircraft and 1 by the 7th Air Force. This low number of air strikes is due to the characteristics of our TAOR. More air strikes would be desired but most of the TAOR is heavily populated and considered pacified. The area not pacified has constant friendly activity, thus precluding the use of air support.

Flare ships provided illumination as H&I and at the request of 2/1 units on 25 missions.

No TPQ-10 missions were requested or provided, again due to the characteristics of this TAOR.

e. Artillery and Fire Support. During the month of August supporting arms fired 151 missions expending 1124 rounds, and 138 H&I's expending 769 rounds. Bn 81mm mortars fired 57 missions expending 591 rounds and 58 H&I fires expending 273 rounds. During the period 1 Aug to 4 Aug Btry B, 1-11 displaced to HOI AN for Operation PIKE in the 5th Marines TAOR. From 8 Aug to 18 Aug an Arty FO Team was provided for Co G on Operation COCHISE. On 14 Aug FSCC accompanied the Bn(-) CmdGrp to DUY XUYEN for a 1-day search and destroy operation. During the period 21 Aug to 23 Aug FSCC returned to DUY XUYEN with the Bn(-) CmdGrp for additional operations. FSCC coordinated with Air and Naval Gunfire Units to provide excellent and effective supporting fires. On the 31st of the month, FO classes once again commenced training small unit NCO's in calling for and adjusting artillery fires. During the month of August, FO Teams were provided for security of "Rough Riders" to Hill #63. The tower-OP system was conditioned during the month by frequent nightly Counter-Rocket drills. The effectiveness of the OP's and drills was demonstrated on the morning of 27 Aug when rockets were fired on the Marble Mountain Air Facility; and again on the morning of 28 August when the bridge was physically attacked. In both instances, despite limited visibility, the OP's were responsible for extremely fast and accurate target reporting and subsequent engagement with supporting fires.

4. Training

a. Weapons training, particularly with the M-16 rifle, continued to receive maximum effort and command attention. The command was visited by Colonel BAIE, Division Chief of

UNCLASSIFIED

UNCLASSIFIED

[REDACTED]

Staff, and WO: R.L. BAKER on two occasions, providing enthusiastic assistance and guidance on the M-16. MGeneral ROBERTSON, Commanding General 1st Marine Division also visited the command, talked with several members of the battalion and displayed a keen interest in the M-16. The battalion 900" range was used almost daily for familiarization and zero firing of the M-16 as well as firing of all organic weapons. Supporting units also used the range for M-16 and 106mm AT firing. Members of the 4th Battalion, 51st ARVN Regiment used the range, and assistance for the Vietnamese soldiers marksmanship training was provided by members of the battalion.

b. Grenade training and safety also received emphasis during August. Policies on carrying, returning and using grenades were published throughout the battalion and safety instructions were incorporated into the troop indoctrination program.

c. Protective mask training was conducted for all personnel arriving as replacements subsequent to the last training period of 15 March. This training improved each Marine's ability to mask in less than 9 seconds and continue to function over an extended period while masked. A gas chamber was erected and utilized for this training, and has been left in place for the conduct of troop indoctrination training, thereby ensuring each Marine can continue to function effectively when CS is employed against enemy forces. Adding further realism to the training, each Marine fired the M-16 rifle on the 900" range while masked and learned what position adjustments are required for his particular configuration. This "masked" firing will also continue as part of the troop indoctrination program. The tactical launcher CS, E-8 training increased the battalions' capability to employ CS, and 4 firing demonstrations were conducted for all Officers and Staff NCO's.

d. In addition to the changes to the troop indoctrination program previously mentioned, the entire program was overhauled and streamlined allowing a complete indoctrination for every replacement and simplifying the requirements from higher headquarters. Each Marine returning to the battalion after an absence of 30 days for whatever reason will receive refresher training on the M-16 prior to resuming his normal duties. As an additional feature, the new troop indoctrination program includes a new sophisticated Officer/NCO orientation itinerary, including an aerial reconnaissance.

e. Quotes for the Division Land Mine Warfare school did not exist during August, but a limited number are available for September.

UNCLASSIFIED

Artillery FO School began on two levels, one at the battalion, and one at the 11th Marines FDC. Each class is primarily for junior NCO's and includes a live firing, fire adjustment period. The battalion continues to take maximum advantage of all Division and Okinawa School quotas.

5. Logistics and Supply

a. Logistics

(1) Class I was adequate to meet August requirements except as indicated in paragraph e., below.

(2) Class II, III, and IV was adequate to meet August requirements except as indicated in paragraph b. and c., below.

(3) Class V was adequate to meet August requirements.

b. Supply

(1) Problem Areas

(a) M-16 cleaning materials and spare parts. Valid requisitions for the following items were submitted but not filled:

Magazine Assemblies
Swab, Cleaning, Small Arms
Rod, Cleaning, Small Arms
Washer, Lock
Pin, Spring

(b) Requisitions for the following items remained in effect from previous months:

Stock Assembly	Spring, Extractor
Case, Bipod	Brush, Cleaning, Chamber
Hand Guard, L.H.	Firing Pin Retainer Pin
Hand Guard, R.H.	Rod, Cleaning, Small Arms
Sling, Web	Screw, Machine
Case, Lubrication	Washer, Lock
Brush, Cleaning, Bore	Pin, Spring
Detent, Take Down Pin	Cleaning Compound Solvent
Swab, Cleaning, Small Arms	Brush, Artists
Detent Spring, Take Down	Grease, Rifle
Bipod, XM3	Pipe Cleaners

1. M-14 Bore Brushes, chamber brushes, and swabs continued to be used as substitute items during August.

UNCLASSIFIED

2. Adequate quantities of cleaning solvent, rifle oil and lube oils were on hand.

(c) Case, First Aid. Shortage of this item during the reporting period resulted in replacement personnel not being issued this item.

(d) Compass Lensatic. During the month of August requisitions for a total of 129 compasses were submitted. At the end of August Battalion Supply had a zero balance on hand of this item.

(a) Antennas AT-271 and AT-892 for the AN/PRC-25 radio continued to be in short supply during the month of August. Six (6) AN/PRC-25's remained administratively deadlined during that period.

c. Motor Transport

(1) Critical areas of Motor Transport

(a) 750x10 tires and tubes continued to be non-available causing a major problem area during August.

(2) The M274A1 weapons carrier was previously reported as a critical area for the month of July 67. This problem was alleviated during August when a full complement of the new M-274A2 was force fed to this Battalion.

d. Roads

(1) All access roads remained passable during August.

(2) Main Supply Routes. Both East and West Anderson Trails continued to be considered secure during daylight hours following the daily mine sweep. Enemy mining activity continued on East and West Anderson Trails during the month of August. All repairs were made immediately and traffic was not impeded. Route 1C became impassible during August following an enemy attack on the CAU DO Bridge which resulted in the bridge being blown.

e. Water continued to be a major problem during August. Plans were drawn up in the form of an Engineering Assistance request to have a new well dug and/or to deepen the old well. Attempts were made to improve the supplementary shallow well but it remained inadequate. During the last week of August, the entire water supply had to be transported into the Battalion from other water points.

f. Engineer Assistance was requested in the construction of 54 6'x6' culvert bunkers. Construction of the new COC Bunker was completed to the extent of occupancy during August.

g. Fiscal obligations for the month of August for FSA was \$21,019.31.

h. During August, 142 Tactical Equipment Repair Orders were submitted to FSR. Of these, 30 were completed. As of 31 August, 24 items of combat essential equipment were deadlined.

i. No problems were experienced in areas of food services, or hospitalization-evacuation.

6. CIVIC ACTION. During the month concentrated efforts were placed upon completion and dedication of the Vietnamese school at VIEM TAY (4).

Consistent meetings and coordination with Vietnamese officials and villagers has insured a commendable American-Vietnamese relationship. The initial step on several new projects within the TAOR has been taken. Among these projects are a market place THANH QUIP (1), (coordinates BT 042622), way stations at MIEU DONG (1), (coordinates BT 017684), BO MUNG, (coordinates BT 042648), and utilization of a sewing machine in BO MUNG for on the job training to teach sewing crafts to Vietnamese women.

7. PSYCHOLOGICAL WARFARE. Continued emphasis was placed upon loudspeaker broadcast both by air and ground in exploiting incidents rapidly with the best desired effects and in combating Viet Cong propaganda.

Approximately 1,500,000 leaflets were disbursed both by hand distribution and air drops throughout the TAOR:

Major themes used: "CHIEU HOI," "VIET CONG Atrocities," "MINE and WEAPON Reward," "Support the GVN," "Cooperate with the Marines" and "VIET CONG Harrassment."

The TU-DO "Free South" Newspapers containing general news items were distributed in large numbers with anticipation a person is less likely to fall prey to communist propaganda if he is well informed to the truth.

8. COMMUNICATIONS

a. Wire Section rewired the battalion telephone system with 5 pair cable, which provided a neater appearance and easier trouble shooting.

A wire line was also laid to "B" Battery, 1st Bn, 11th Marines for more direct telephone communications with Co G.

Message center continued with on the job training in teletype and message handling procedures. The improvement of teletype installation was accomplished as well as general improvement in the working spaces.

Work was done on both the switchboard and message center bunkers to water-proof them in preparation for the coming monsoon season.

A school was held on 9 August for all new Officers and Staff NCO's in the battalion, which covered communications available, communications equipment used, crypto, and certain voice radio procedures.

9. MEDICAL AND DENTAL

a. Twenty-seven combat casualties and 748 sick-call patients were treated at the Battalion Aid Station during the month of August. There were no significant trends or outbreaks of diseases during the month. A large decrease in the number of Venereal Disease cases over last month is noted.

b. During the month of August, 1,049 dental procedures were performed which included 64 Type III examinations, 61 extractions, 88 restorations, and 83 prophylaxis.

10. CHAPLAIN'S SERVICES

a. Protestant Divine Services. The Battalion Chaplain, LT R. M. Weeks, CHC, USNR, is Protestant. Sixteen Protestant Divine Services were held on Sundays during the month of August. Four of these services were held in the 2nd Battalion, 1st Marines Command Post areas, and twelve were held at troop positions. A total of 473 persons attended Sunday Divine Services during the month. Sixteen Weekday Divine Services for Protestants were held during August. Twelve of the weekday Divine

UNCLASSIFIED

Services for Protestants were held at CAP units D-6, D-7, and D-8. A total of 170 persons attended the Weekday Divine Services. A total of thirty-two Protestant Divine Services were held during August with 743 persons attending.

b. CATHOLIC DIVINE SERVICES. Catholic coverage for the battalion was provided during the month of August by LCDR J.S. Jenner, CHC, USNR, and LT R.M. Lyons, CHC, USNR. Four Catholic Divine Services were held on Sundays at the 2nd Battalion, 1st Marines Command Post Chapel. A total of 164 persons attended the Sunday Catholic Divine Services. Five weekly Catholic Divine Services were held during the month with sixty-six persons attending. Two of the weekday Catholic Divine Services were held at CAP units D-6 and D-8. In summary, nine Catholic Divine Services were held during the month of August with 230 persons attending.

c. LAY LEADER DIVINE SERVICES. DT3 Spencer E. Clegg, USN, is the Letter-Day Saints Lay Leader for the battalion. Three Lay Leader Letter-Day Saints Services were held during August with fifteen persons attending. A Letter-Day Saints Conference was held at the China Beach R&R Center 3-6 August, and six men attended from the battalion.

d. VISITS. During August the Battalion Chaplain made five visits to 1st Medical Battalion Hospital and administered to thirty-one patients. Five trips were made to the Naval Support Activity Hospital where twenty-eight patients were visited. U.S. Mail was taken to the patients and personal messages were relayed by the chaplain. Two patients requested that the chaplain write letters to their next of kin. Three visits were made aboard the USS Sanctuary during the month. A total of twelve patients were contacted aboard the USS Sanctuary, and mail was delivered to respective patients. The Bn Chaplain made three trips to the III MAF Brig during August and visited five persons.

e. COUNSELING SESSIONS. The Battalion Chaplain counseled with 179 Marines in regard to personal problems during August. Company Commanders have been most cooperative to send their men to see the chaplain. During the month a peculiar problem was brought to attention by a Section Officer. The officer discovered he has a Marine who could not read or write. Effective means for this man to communicate with his wife have been established. He is being taught to read and write. The Battalion Chaplain has worked directly with the Battalion Doctor to help adjust several personal problems with Marines. Nine Pre-

merital Counseling sessions were held during the month with personnel planning to get married upon returning to CONUS.

f. MEMORIAL SERVICES. The Battalion Chaplain participated in two Company Memorial Services held on 18 and 21 August in the 2nd Battalion, 1st Marines Command Post area. These services were for Marines serving with Company B, 7th Engineers. Music prior to these services, and the bugler was provided by 2nd Battalion, 1st Marines. A total of 381 persons attended the two above mentioned services. A Company Memorial Service was held on 29 August for Company G with 223 persons attending.

g. PERSONAL RESPONSE TOUR. On 18 August the Battalion Chaplain led a Religious Tour of Danang in connection with the Personal Response Program of the Battalion. A total of twenty-four Marines attended the tour. The following places were toured: Cao Dai Temple of Danang, South Buddha Sect Temple, Roman Catholic Cathedral of Danang, Christian Missionary Alliance Church and Skill School, World Evangelistic Crusade Organization, St. John's Roman Catholic Seminary, and Old Spanish Point Chapel. Each place was explained in detail and briefs were given on the particular religious background. Two Chaplains took the tour to get ideas for establishing such tours for their units. The persons on the tour were provided delicious lunches by the battalion mess personnel.

h. NEW CHAPEL. A new chapel for the battalion was begun on 12 August. See Page 16 for a drawing of the chapel. Overall dimensions for the chapel when completed will be 52'x24'. The Nave will be 40'x24' and will seat 125 persons. The Altar will measure forty inches high, twenty-four inches wide, and forty-eight inches long. This altar will be "Free Standing" in style. The Baptismal Font will be a helmet turned upside down on a wooden support. The Lectern will be made of 2"x6" lumber. A new chrome cross, that can be used for both Protestant and Catholic worship, has been obtained for the chancel. Two handcarved wooden candlesticks will be used on the altar. An American Flag and a Christian Flag with flagstaves have been acquired for the chancel. The new chapel will have a Bell Tower with a bell to call Marines to worship. Two spaces 10'x12' have been built on the rear of the chapel for the chaplain's office and living quarters. The Narthex of the chapel will be equipped with rifle racks for rifle storage during Divine Services. Over the Bell Tower there will be constructed a huge Latin cross painted gold. The interior of the chapel will be painted light green and white. The side walls will be "Burned". This chapel is being constructed under the supervision of 1st Sgt T. D. Ranschi. Two Marines are TAD from

7th Engineers until the chapel is completed. The chapel will be named "Redeemer Chapel". The reason for a specific name for the chapel is that the chapel will be easily identified in the future if the battalion moves to another location. The chapel will be dedicated to the Glory of Almighty God, and in memory of all Marines killed in action while serving with 2nd Battalion, 1st Marines.

i. DISTRIBUTION OF SCRIPTURES. During the month nineteen Revised Standard Bibles were distributed to troops. Also, 193 Revised Standard New Testaments were distributed.

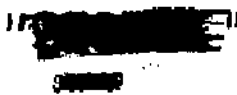

j. CORRESPONDENCE. A total of sixty-two letters were written to the next of kin of new Marines reporting to the battalion during August. The Battalion Chaplain received replies from nine of these letters. Thirty-two letters of general correspondence were written in regard to personal problems of troops and battalion business.

k. LECTURES. Three lectures were given on the Respect for the Religious Based Customs and Religions of Vietnam during August. Forty-three troops attended these lectures.

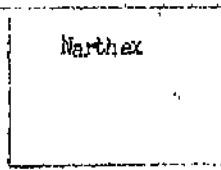

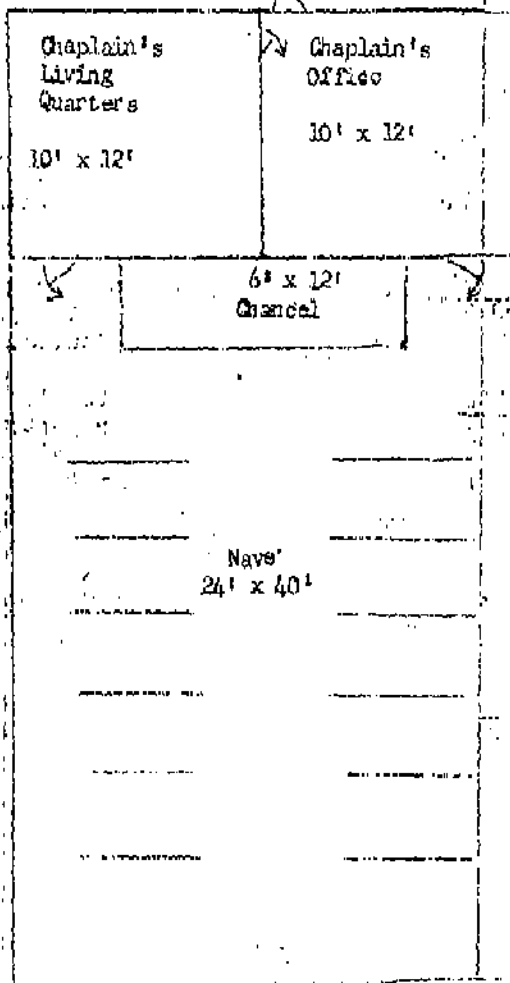

l. VISITORS RECEIVED. The Battalion Chaplain was visited by the new 1st Marine Division Chaplain, CAPT J. A. Keeley, CHC, USN, and III MAF Chaplain, CAPT E. V. Lyons, CHC, USN. The new 1st Marines Chaplain, LCDR G. B. McPhail, CHC, USNR, visited the Battalion Chaplain on three occasions.

BATTALION ORDER 5750.1B

From: Commanding Officer
To: Distribution List

Subj: Command Chronology

Ref: (a) DivO 5750.2
(b) RegtO 5750.2
(c) MARCORMAN, par 5750.2

Encl: (1) Format for Command Chronology

1. Purpose. To implement the provisions of references (a) through (c) for reporting the historical experiences of the Battalion and to publish instructions for the preparation and submission of the Command Chronology.
2. Cancellation. Battalion Order 5750.1A.
3. Background. Reference (b) requires this Headquarters to submit a Command Chronology to the Regimental Commander. This chronology will be used for recording and reporting the historical experiences of the Battalion, and becomes a part of the historical record of both the Regiment and the Division.
4. Information. The Command Chronology is a documented report of significant operational, logistic and administrative activities in which a unit participates. It includes or references basic research material which can be immediately exploited by Headquarters, U.S. Marine Corps and field organizations. It also provides the reporting command with a periodic summary of its experience for future planning and orientation of new personnel.
5. Scope. The Command Chronology will provide a concise review of the highlights of the experiences of the command which are considered to be of special significance to higher authority or the Marine Corps as a whole. Preparing sections will note in their input material, in particular, those events relating to their preparation for and execution of assigned missions. Specific problems encountered and their ultimate solution is particularly desired. Repetitious or routine events will not be reported.

BnO 5750.1B

6. Executive Staff Action. The Battalion Command Chronology will be prepared and composed in the format shown in enclosure (1). Responsibility for preparation and submission of the parts of the chronology are as indicated in subsequent paragraphs.

a. Format. The format contained in enclosure (1) will be used for the Command Chronology, including the enclosures, such as Section Journals.

b. Preparation

(1) Events described in the Narrative Summary will not cite references, but will be supported, as appropriate by detailed entries in the Sequential Listing of Significant Events.

(2) Extracts of significant entries from staff journals as maintained by each executive staff section will be used to prepare the Narrative Summary and the Sequential Listing of Significant Events.

(3) All executive staff sections will maintain and submit journals in the format indicated in enclosure (1). Special staffs are not required to maintain journals, but a rough log of activities and problems may enhance their preparation of the applicable portion of the Narrative Summary.

c. Composition and Staff Responsibility. The Battalion Command Chronology elements are assigned to the executive staff indicated below for preparation responsibility.
