NARRATIVE SUMMARY

1. Personnel and Administration

a. Number of personnel received as replacements:

(1) Marine Officers - 13

(2) Marine Enlisted - 103

(3) Naval Officers - 0

(4) Naval Enlisted - 11

b. Personnel received via Regiment and Division transfers:

(1) Marine Officers - 3

(2) Marine Enlisted - 42

(3) Naval Officers - 1

c. Number of personnel rotated:

(1) Marine Officers - 2

(2) Marine Enlisted - 95

(3) Naval Enlisted - 3

d. Casualties:

(1) Battle

(a) KIA - Marine Officers - 0

Marine Enlisted - 3

Naval Enlisted - 1

(b) WIA - Marine Officers - 2

Marine Enlisted - 69

Naval Enlisted - 4

(2) Non-Battle

(a) Serious - Marine Enlisted - 0

UNCLASSIFIED

UNCLASSIFIED

(b) Non-Serious - Marine Enlisted - 7

(c) Deaths - Naval Enlisted - 1

e. Number of personnel dropped while sick:

(1) Marine Enlisted - 61

(2) Naval Enlisted - 5

f. Morale and Welfare: The morale of this battalion continues to be from excellent to outstanding. One of the major factors is the out of country and the in country R&R Programs. Another factor is the excellent food provided by the mess hall. The postal, disbursing, and the P.X. systems are considered adequate to provide for the welfare of this battalion.

g. Awards

(1) The following were recommended for higher approval:

(a) Bronze Star - 13

(b) Navy Commendations - 6

h. Promotions

(1) Lance Corporal to Corporal - 61

(2) Privates First Class to Lance Corporal - 90

(3) Privates to Privates First Class - 5

i. Legal:

(1) Office Hours - 11

(2) Summary Court-Martial (completed) - 0

(3) Summary Court-Martial (pending) - 1

(4) Special Court-Martial (pending) - 1

(5) Investigations (completed) - 4

(6) Investigations (pending) - 3

II-3

UNCLASSIFIED

UNCLASSIFIED

j. CHAPLAIN ROBERT M. WEEKS, Lt(CHC) USNR replaced Lt. JAMES E. DOFFIN, Jr. as Battalion Chaplain on 1 July. Protestant services were held on 34 occasions with a total attendance of 725. Organ music played by tape recordings and the singing of hymns was introduced at Battalion CP services and was well received by battalion personnel.

(1) Catholic Divine services were periodically provided by LCDR J.S. JENNER, (CHC) USN, 1st Marines Chaplain with a total attendance of 239.

(2) Seven lectures on the "Respect for the Religious Based Customs" and "Religions of Vietnam" were given to 117 new troops reporting to the battalion, as part of the battalion troop indoctrination program.

(3) During the month of July four visits were made to NSA Hospital and 31 patients were visited. Four visits were made to 1st Medical Battalion Hospital and 30 patients were visited. Three visits were made to the III MAF brig and five men were visited. One visit was made to the USS Sanctuary and five patients were visited. One visit was made to the USS Repose and three patients were visited. The Battalion Chaplain made a trip to CAM RANH BAY during the month of July and visited 26 Marines hospitalized there.

(4) The Battalion Chaplain counseled 123 Marines in regard to personal problems during the month of July. Six Premarital Counseling sessions were held.

(5) One Battalion Memorial Service was held for "E" and "H" Companies with 189 persons attending. A Company Memorial Service was held for Company "G" with 203 persons attending.

(6) A total of 117 letters were written to the next of kin of new Marines reporting to the battalion during July. Twenty-seven(27) letters of general correspondence were written in regard to battalion business during July.

2. Enemy.

a. General. During the month of July, the S-2 Section collected, evaluated, and disseminated intelligence according to established procedures. There were 36 enemy contacts in the month of July, only one of which could be considered of a major nature (100 rds or more of hostile fire received). The heaviest contact occurred in THANH TRUNG village, but it can

II-4

UNCLASSIFIED

[REDACTED]

[REDACTED]

UNCLASSIFIED

be most reasonably explained as an isolated incident. The majority of contacts occurred in THANH PHONG village. Thirty-eight(38) sightings, totalling 85 Viet Cong, were reported during the month. The majority of sightings occurred in THANH PHONG village, paralleling the majority of contacts. Many sightings were the result of movement between KY MINH and THANH PHONG villages, totalling 22 Viet Cong sighted. Movement appeared to be generally from East to West, or North to South, resulting in the conclusion that the Viet Cong maintained a combat base of some size to the southwest of the 2/1 TAOR. During the greater part of the month, intelligence reports received tended to confirm this conclusion, placing a company sized unit of Viet Cong in KY NGOC village as often as twice a week. Mine incidents totalled 81 during the month, 22 of which were detonated resulting in 46 WIA and 1 KIA, or slightly more than 2 casualties per detonation. These figures compare to 30 mine incidents, 17 detonations, and 38 casualties resulting from mines during the month of June. The number of casualties per detonation was not significantly decreased, while the number of mine discoveries resulting in no casualties increased by better than 100%, as did the total number of mine incidents. One Viet Cong soldier rallied to Co G, 2/1 on 3 July. The rallier led Marines to a cave containing two K-44 ChiCom 7.62 rifles, and was responsible for discovering six mines in subsequent operations in the same vicinity. He was released to the GVN Chieu Hoi Center at HOI AN, HIEU NHONH District, after indicating a strong desire to return to 2/1 in the capacity of KIT CARSON Scout upon completion of indoctrination at the center.

b. Enemy casualties inflicted:

- (1) VC KIA Confirmed - 21
- (2) VC KIA Probable - 10
- (3) VC Captured - 3
- (4) VC Ralliers - 1

c. Enemy Units which operate near our TAOR.

(1) DIEM BAN(LF) Company (Q-15) with an estimated strength of 100, operating at BT 0159. The normal operating area of this company is BT 0355.

(2) 402nd(MF) Sepper Battalion, with an estimated strength of 360, last reported at(AT 835673). The normal

II-5

[REDACTED]

UNCLASSIFIED

[REDACTED]

UNCLASSIFIED

operating area of this unit is AT B060.

(3) R-20th(LF) Battalion, with an estimated strength of 270, last reported at AT 9953. The normal operating area of this unit is AT 9853.

(4) V-25th(LF) Battalion, with an estimated strength of 350, last reported at BT 1952. The normal operating area of this unit is AT 8248.

d. Weather and Terrain. No Change.

3. Organization and Operations

a. Operation CAIHOUN terminated on 1 July and companies "E" and "G" with the forward Command Group returned to the battalion base. On 5 and 6 July, Operation ELLIOT was conducted in and near the battalion TAOR with the Command Group remaining in location at the battalion base. On 15 July, a large number of prisoners escaped from the HOI AN prison. The prison break was conducted simultaneously with a 140mm rocket attack on the DANANG Air Base. Reacting rapidly to both situations, the battalion command group deployed for operations in the prisoner escape area with two companies, and increased patrolling activity in the rocket belt. The battalion rear area defenses were augmented by the joining OPCON of Company "D" from 1st Battalion, 1st Marines.

b. Immediately after returning from the Reconnaissance in Force operation for escaped prisoners, the battalion Command Group and two companies (Co "E" and "B" 1/1), reacting to intelligence information on 18 July deployed to DUY XUYEN for position reinforcement and conducted patrols, ambushes, LP, and OP's with limited contact until 21 July.

c. Beginning on 18 July an almost daily ROUGH RIDER administrative motor convoy was conducted by either 1st or 11th MT Battalion and one platoon from this battalion as security forces. All trips were from DANANG to Hill # 63 in 5th Marines TAOR, and return.

d. Small unit activities continued to emphasize night operations particularly in the Rocket Belt area after the DANANG Rocket attack on 14 July. Contact with the enemy remained limited or non-existent on most activities. An increase of enemy mining was noted however, and plans have been formulated to maintain one platoon in the DONG TIEN and LA THO NAM area where the most frequent and concentrated mining has been encountered. Several large and extremely long tunnels

II-6

UNCLASSIFIED

UNCLASSIFIED

were discovered in the TAOR. The 1st Engineer Battalion assisted in their destruction. The battalion NBC NCO assisted and supervised the spreading of CS powder into one of the more significant tunnels.

e. Air. Battalion Operations were supported by the following helicopter missions: 48 medical evacuations, 2 troop lifts, 14 resupply missions, 4 leaflet drops, 2 reconnaissance missions and one helilift of detainees. Five (5) illumination missions were flown in addition to nightly random flare drops in the rocket belt. Seven (7) aerial observer missions and one (1) close air support mission were flown.

f. Artillery and Fire Support. During the month of July, supporting arms fired 82 missions and expended 993 rounds in the Battalion TAOR. Battalion 81mm mortars fired 37 missions expending 261 rounds. H&I fires included 1485 rounds of artillery and 803 rounds of 81mm mortar. While "B" Btry 1/11 provided most of the artillery within the TAOR, "A" Btry 1/11 provided excellent, close support for the two 2nd Battalion operations south of 1st Battalion, 1st Marines TAOR. During the month of July two 2 hour F.O. schools were held for Company "G", Company "H" and the CAP units. Subjects covered were the Fire Request and the Adjustment of both HE and Illumination. In addition to the F.O school an artillery demonstration was conducted by "B" Btry for Company "H". Future demonstrations are planned for the remaining companies in the near future. Counter Rocket drills are being conducted twice each night utilizing "B" Btry observers on Hill # 47. Future OP's are planned including an integrated tower system.

4. Training

a. Individual weapons training continued to be emphasized through July. The M-16E1 rifle received primary attention and the individual knowledge of all Officers, NCO's and Squad Leaders was enhanced by the presentation of a period of instruction conducted by Colonel E.L. BALE, Deputy Chief of Staff, and WO R.L. BAKER, Division Ordnance Officer.

b. All replacements received Troop Indoctrination and Orientation training which included 8 hours of instruction on the M-16E1 rifle, including zero firing.

c. In addition to 140 Marines receiving Counter Landmine, Booby Trap and Demolition training at the 1st Engineer Battalion School, maximum use continued to be made of all Division, III MAF and OKINAWA School quotas.

UNCLASSIFIED

UNCLASSIFIED

d. A technical MOS training program was instituted to improve the proficiency of technical MOS fields. Sections concerned are the Communication, Supply, Food Service, Motor Transport, and Personnel Administration fields. General Military Training of individuals in those sections will continue under the supervision of the H&S Company.

e. The battalion 900 " range continues to serve as an invaluable asset to the zero firing of individual weapons, and plans are in progress to construct a 300 meter range. The impact area behind the 900" range also serves as a firing area for all Battalion organic weapons. This area is also utilized for training in the adjusting of artillery and mortar fire. Periodic training of forward observers and conduct of fire techniques was presented to all small unit leaders. NCO's of the Combined Action Platoons also received the fire adjustment classes conducted by 1stLt M.J. HAYES, the 1st Battalion, 11th Marines Artillery Liaison Officer.

f. Weapons safety training continued to receive command attention during the period. Constant supervision and training in weapon handling was presented to individuals by all small unit leaders.

g. All companies conducted individual GMS and unit training programs, utilizing periods of patrol briefings, debriefings and relaxation periods to maximum effectiveness. Company training emphasis was placed upon small unit leadership, fire discipline and control, fire techniques, application of battle-sights and tactics of scouting fire teams.

5. Combined Action Platoons

a. CAPs D-6, D-7, and D-8 conducted patrols, ambushes, OP's, and LP's in their assigned areas with limited enemy contact. Coordination between the CAPs and the battalion was enhanced by the assignment of 2ndLt E. COCKRELL, Combined Action Company Commander. Immediately after this assignment, work was begun to improve the defensive positions. Cooperation and coordination with the District Chiefs and the PF's was also improved through daily liaison visits.

b. Reorganization of the Combined Action Program occurred during July, placing the CAPs under the direct control of III MAF. Combined Action Group problem areas of Supply, Communications, administration, and coordination of tactical operations are still under study.

UNCLASSIFIED

UNCLASSIFIED

6. Logistics and Supply

a. Logistics

- (1) Class I was adequate to meet July requirements except as indicated in paragraph e., below.
- (2) Class II was adequate to meet July requirements.
- (3) Classes III and IV was adequate to meet July requirements except as outlined in paragraph b., and c., below.
- (4) Class V was adequate to meet July requirements.

b. Supply

(1) Problem areas:

(a) M-16 Cleaning Materials. Valid requisitions for the following items have been submitted but have not been filled:

Bore Brushes
Magazines
Pipe Cleaners
Artists Brushes
Bipod Cases

1 M-14 bore brushes and chamber brushes are considered to be acceptable substitutes and have been ordered.

2 This battalion has 13,000 7.62mm rifle patches on hand which are being utilized for the 5.56mm by cutting them in quarters. Adequate quantities of M-16 cleaning rods, bore cleaner in 2 oz. and 6 oz. cans, bipods, oil, and lubricate are on hand.

(b) Body Armor Upper Torso. This item has become increasingly critical during the last month. At present, three valid requisitions remain in effect, two of which are outstanding. Quantities of Armor on order total 299 pieces. No indication has been received as to when these documents will be filled.

(c) Antennas AT-271A for the AN/PRC-25. At the end of July, nine requisitions for a total of 72 antennas remain in effect. Due to the shortage of this item eight (8) AN/PRC-25's were placed on Administrative Deadline.

(d) Sandbags. Two (2) April requisitions for

II-9

UNCLASSIFIED

UNCLASSIFIED

a total of 70,000 bags remain valid. A partial shipment of 28,000 bags was received leaving a balance outstanding of 42,000.

(e) Lumber for Embarkation Mount-Out Boxes. Requisitions for this lumber were submitted November 1966 for the following dimensions: 1"x6", 1"x12", and 48"x96" plywood. By the end of July only the plywood has been received. However, construction of mount-out boxes was begun by utilizing 2"x4" and discarded ammo boxes for frames.

c. Motor Transport

(1) Critical areas of Motor Transport:

(a) Tires 750x10. Four(4) documents were submitted on this item with no results. However, due to the shortage of the M-274A1 Weapons Carrier as indicated in paragraph (b) below, this shortage of tires caused only a negligible operational deadline.

(b) Weapons Carrier M-274A1. This Battalion presently rates 30 M-274A1's by T/E, of this amount; one(1) remains on deadline and eleven(11) have been evacuated out of country, remaining vehicles operable number 18. Replacements for the evacuated items have not been requisitioned in anticipation of the arrival of the M-274A2.

(c) Tubes 600x16 for the M-38 Jeep. Previous requisitions for this item remain valid as no tubes for this vehicle are on hand.

d. Roads

(1) Access Road. The access road South of this Battalion's CP remained passable. On two separate occasions during July this road was utilized for resupply. The mine sweep team discovered and destroyed a box type mine on each occasion.

(2) Main Supply Routes. Both East and West Anderson Trails continued to be considered secure during daylight hours following the daily morning mine sweep, which was conducted by elements of both 1st and 7th Engineer Battalions. These roads were oiled and maintained by the 7th Engineer Battalion due to extensive use while constructing a road from TU CAU Bridge to 3rd Battalion, 1st Marines CP. During this reporting period, increased enemy mining of this road occurred, however damage was negligible, repairs were made immediately, and traffic was not impeded.

UNCLASSIFIED

UNCLASSIFIED

e. Water. Difficulty was experienced in obtaining a sufficient amount of water for July daily requirements. A shallow temporary well was dug by the 1st Engineer Battalion producing marginal to inadequate supply of water. Eight hundred (800) gallons of water per day was transported from "B" Btry, 1/11 CP and 1st Marine Regiment CP during July. 1st Engineer Battalion plans to drill the present "deep" well to a greater depth to insure an adequate supply.

f. Engineer Assistance. A ventilation system for the main mess and Staff and Officers Mess was completed. Work on the new COC began in July, but was temporarily halted due to nonavailability of 3"x12" plank material.

g. Fiscal obligations for the month of July for FSA was \$98,553.17.

h. During July, 156 Technical Equipment Repair Orders were submitted to 1st FSR. Of these, 70 were completed and 3 were cancelled. At present, 23 items of combat essential equipment remain deadlined.

i. No problems were experienced in areas of food services, or hospitalization-evacuation.

7. Civic Action. Continued emphasis was placed on the completion of the school construction project at VIEM TAY (4). Participation of Vietnamese village officials, civilians, and ARVN soldiers was better than average the first half of the month. The second half of the month participation slacked off. Informal visits with the Province, District and Village Chiefs throughout the Battalion TAOR improved the Vietnamese-American relationship during this month. Discussion centered on the proposed refugee camp to be constructed in PHONG LUC (2). Comprehensive indoctrination lectures, numerous bulletins and memorandums were distributed to the Battalion explaining Vietnamese customs and culture, and the significance of Civic Action progress and developments.

8. Psychological Warfare. Continuous efforts have been concentrated toward leaflet distribution, both hand dissemination and air drops. Major themes emphasized were: "CHIEU HOI", "DON'T RUN FROM MARINES", "COOPERATE WITH MARINES", "WEAPONS REWARD", "MINE REWARD", "BOOBY TRAP REWARD" and Viet Cong atrocities. Loudspeaker broadcasts although effective, were limited because of equipment failures. Night time loudspeaker broadcasts within each CAP by use of the FG 4913 (Henderried loudspeaker) were conducted during the last part of the month. Vietnamese soldiers of each CAP broadcast standard themes for four hours each night. A Viet Cong who rallied on 4 July 1967

II-11

UNCLASSIFIED

~~SECRET~~

UNCLASSIFIED

was a significant event in the psychological warfare program of this battalion.

9. Communications. The month of July was quite active for communications with several different activities being conducted by the section. The month began with operation CALHOUN still in progress and on 5 July Operation ELLIOT commenced which lasted for two(2) days. wire section was kept busy throughout the month installing long locals to ARVN units within the TAOR, troubleshooting existing lines, and performing monthly and weekly P.M. on their equipment. A radio school was held 9-12 July for company radio operators. Nineteen men attended and all passed with a score of 80% or better. High score was 96%. The subjects covered were characteristics of the PRC-25 radio, preventative maintenance, types of antennas, the message book, and radio procedures for conducting medevacs, air strikes and artillery. An inspection by the Regimental Communications Officer was conducted on 26 July in preparation for the 1st MerDiv inspection to be conducted on 6 August. Minor discrepancies were discovered in the maintenance records of the radio, technical repair shop, and message center. All discrepancies have since been corrected.

10. Medical and Dental

a. Seven combat casualties and 738 sick call patients were treated at the Battalion Aid Station during the month of July. There was a slight decrease in the number of Venereal Disease cases since June, but still higher than previous months.

b. During the month of July, 183 total dental procedures were performed. These consisted of 59 Type III examinations, 18 extractions, 125 restorations, and 91 prophylaxis.

*Previously submitted

2. Logistics and Supply

- 1 Jul 67 - Dispatched resupply vehicle to LSA for Operation CALHOUN.
- 2 Jul 67 - Dispatched resupply vehicle to LSA for Operation CALHOUN.
- 15 Jul 67 - Effected move for reactionary force concerning the escape of prisoners at HOI AN.
- 16 Jul 67 - Effected emergency resupply for reactionary force.
- 18 Jul 67 - Began work on ventilation system for Battalion Mess Hall.
- 18 Jul 67 - Effected move to DUY XUYEN for security for district headquarters.
- 21 Jul 67 - Work on ventilation system for Battalion Mess Hall completed.

III-5

UNCLASSIFIED

UNCLASSIFIED

22 Jul 67 - Returned troops to Battalion CP from BUY XUVEN.

26 Jul 67 - Sweep team member detonated mine(box type) on West Anderson Trail, resulting in three casualties. Road repairs made by 7th Engineer Battalion.

31 Jul 67 - Effected move of Company "F" to 1/1 C.P., Staging for Opn PIKE.

3. Civic Action and Psychological Warfare

1 Jul 67 - One Vietnamese male civilian was wounded by an accidental discharge of an M-79. The civilian received minor wounds and was given first aid, then medevaced to NSA. A solatium payment will be made.
Reference: (S-5 Journal)

4 Jul 67 - A Viet Cong rallied to the Government of South Vietnam. He surrendered to Marines at the HA DONG Bridge. The new Chieu Hoi was extremely cooperative and was responsible for discovery of caves, weapons, documents and VC propaganda. The information he volunteered was invaluable in determining infiltration routes and VC infrastructure in the T. OR.
Reference: (S-5 Journal)

5 Jul 67 - A Psychological Operations Exploitation Team (POET) from 244th PsyOp Company in DANANG arrived on request to fully exploit the new Chieu Hoi through leaflets and tapes for loudspeaker broadcasts. A personal letter from the Chieu Hoi endorsing the Chieu Hoi Program and pictures were obtained. S-5 Representative and THANH TRUONG Village Chief visited the LA THO BAC area and persuaded the people of that area to move to the relatively peaceful hamlet of THANH QUI because of continued Viet Cong activity in LA THO BAC.
Reference: (S-5 Journal)

9 Jul 67 - A Vietnamese female civilian was wounded when GAP D-7 was engaged in a minor fire fight. She was treated and medevaced to NSA. A solatium payment was made.
Reference: (S-5 Journal)

III-6

UNCLASSIFIED

~~CONFIDENTIAL~~

- 13 Jul 67 - Investigated a minor demonstration that took place along Route 1. The demonstration was a VC psychological warfare meeting concerning the six VC killed in that area by elements of Company "E". The demonstration was quietly disrupted and people returned to their homes. Counter propaganda by the Battalion PsyWar team followed.
Reference: (S-5 Journal)

- 15 Jul 67 - Two Vietnamese civilians were wounded at CAP D-7 by an accidental discharge of an M-79. Both were given first aid and sent to HOI AN. They received minor wounds. A solatium payment was made.
Reference: (S-5 Journal)

- 17 Jul 67 - One elderly Vietnamese civilian received wounds when she walked into a night ambush. She was medevaced. A solatium payment will be made. Permanent MEDCAP structure at CAP D-6 was completed in QUANG LOC TAY.
Reference: (S-5 Journal)

- 20 Jul 67 - At CAP D-7 three hours of propaganda films were shown and Vietnamese folk songs were played for two hours.

BATTALION BULLETIN 1650

From: Commanding Officer
To: Distribution List
Subj: Meritorious Mast

Ref: (a) MCO P5000.3 MARCORPERSMAN, par 8052

1. Purpose. To promulgate the conduct of Meritorious Mast for Corporal Barry T. CAMPBELL 2225779/1341 U. S. Marine Corps, in accordance with reference (a).
2. Background. The Communications Officer of this Battalion has reported that the performance of duty of Corporal CAMPBELL has been outstanding, meriting special recognition.
3. Mast. On 5 July 1966 Corporal CAMPBELL was assigned a primary duty of Generator Operator for this Battalion. Although his knowledge of electrical wiring and maintenance procedure was limited, he accepted this responsibility with enthusiasm and dedication to duty. Accepting this responsibility required that Corporal CAMPBELL do intensive study of technical manuals, engineer publications, in addition to completing a Marine Corps Institute Course on electricity. During his tour of duty this Battalion's power requirements more than doubled with the addition of sixty-four new quarters and the addition of two generators. Corporal CAMPBELL improved the overall electrical system by replacing faulty wires and re-routing existing wiring. Because of the lack of qualified generator personnel, it was necessary for him to personally perform duties pertaining to repair and procurement of generator parts. Corporal CAMPBELL's untiring efforts, long working hours and acquired knowledge of generator operation and electrical wiring is considered a contributing factor to the successful power system of this Battalion. Corporal CAMPBELL performed these duties in a highly satisfactory manner demonstrating maturity and professional knowledge far above that expected of a Marine of his grade.

a. Corporal CAMPBELL's performance of duty during the above period, is in keeping with the finest tradition of the United States Naval Service.

BATTALION BULLETIN 1650

From: Commanding Officer
To: Distribution List

Subj: Meritorious Mast

Ref: (a) MCO P5000.3 MARCORPERSMAN, par 8052

1. Purpose. To promulgate the conduct of Meritorious Mast for Sergeant Charles E. GANNON 2089883/0341 U. S. Marine Corps in accordance with reference (a).

2. Background. The Commanding Officer of Headquarters and Service Company has reported that the performance of duty of Sergeant GANNON has been outstanding meriting special recognition.

3. Mast. During the period from 10 September 1966 to 8 July 1967 Sergeant GANNON, through his initiative and professional ability, has contributed immensely to the combat posture of the 81mm Mortar platoon. Not only did Sergeant GANNON perform his duties in an outstanding manner with dependability and skill, he also instructed all personnel of his section and the platoon in sound techniques necessary to high combat readiness of the 81mm Mortar Platoon. As one example of his abilities, from 30 January 1967 to 6 May 1967 he was required to perform the duties of section leader, a billet normally filled by a staff non-commissioned officer. Sergeant GANNON and his section were transferred to Foxrot Company located at Nui Loc Son. While in Nui Loc Son, Sergeant GANNON consistently displayed rare devotion to duty, outstanding leadership and ingenuity. Through his efficient manner, aggressiveness and thorough knowledge of his job, his section has developed into a high state of efficiency. This has won him absolute respect from his men and his seniors.

a. Sergeant GANNON's performance of duty during the above period is in keeping with the finest tradition of the United States Naval Service.

4. Action.

a. Sergeant GANNON appeared before me this date at Meritorious Mast for his outstanding performance of duty.
