f. Morale and Welfare. The overall morale of the Battalion is considered to be excellent. In addition to the recreation and rest programs available to all Marine in Vietnam, the Battalion maintains an enlisted club with a large outdoor theatre which has hosted five USO shows this month. High on the list of favorite pastimes is an outstanding beach with facilities for Sunday parties. The Special Services program is active providing nightly movies, a weight room, a reading room and equipment for sporting activities. The IX facilities include a Marine Corps exchange, laundry, photo shop and gift shop. This cantonment has a messhall which efficiently feeds 600 men three hot meals daily.

PART II
SECTION B
ENEMY, WEATHER TERRAIN & S-2 FUNCTIONS

1. Enemy. Enemy contacts dropped to a slightly lower level than last reporting period with eight (08) exchanges of fire. Enemy booby trap emplacements also decreased. There were two (02) rocket attacks on our T.A.O.R.

One item of military significance occurred during this reporting period. At 181330H Nov 70, Golf Company assaulted Quang Dong (1) Hamlet flushing the enemy East into Echo Company's block. Echo Company made contact, resulting in two (02) POWs and three (04) VC/NVA KIA at AT997607. A search of the hamlet resulted in finding 150 pounds of wheat and 125 pounds of rice buried, four (04) M-26 grenade booby traps and one (01) tomato can booby trap, one (01) AK-47 rifle, one (01) Chi-com grenade, two (02) 81mm fuses and two (02) concrete and steel reinforced bunkers. Seven (07) Vietnamese were detained.

2. Enemy Losses.

VC/NVA KIA	5
Detainees	26
Civil Defendants	0
E/C	4
Booby Traps Found	7
Booby Traps Detonated	6
Spider Holes Destroyed	0
Bunkers Destroyed	7
Tunnels Destroyed	0
L.A.W.'s	1
Canteens	0
105mm Fuses	0
Boats	5
Rice	225 lbs.
Wheat	150 lbs.

3. Order of Battle. There were no significant changes in the Order of Battle within 2/1's T.A.O.R. There are no NVN or Main Force units located as a unit in 2/1's T.A.O.R. The enemy is expected to follow it's three (03) phase offensive during the following months.

4. Weather and Terrain.

1. Weather. The average high temperature was 78 degrees and the average low temperature was 73 degrees with an average humidity of 80%. Rain for the month was 10.27 inches.

Due to the fact that 2/1's T.O.R is in the lowland area, flooding can be expected over 94% of the area during the monsoon. The flooding of the lowland areas will cause a channelization of both friendly and enemy travel. It is felt by S-2, 2/1 that booby traps will become even more prevalent because we are restricted to predetermined routes.

b. Terrain. The terrain in 2/1's T.O.R is in flat and sandy land with rice paddies and scattered broken treelines. There are two (02) main water transportation routes, the Vinh Bien River in the East and the Yen River in the West. In addition, there are numerous lakes, ponds and paddies where boat traffic is heavy.

5. S-2 Functions.

a. Security Clearances: Nine (09) security clearances were initiated and none were terminated. Six (06) clearances were required by Communications Section personnel, two (02) were required by S-2 Section personnel and one (01) was required by a Lieutenant attending Registered Publications School.

b. ARVN Interpreters: Due to the reassignment of interpreters within the I Corps Headquarters, the S-2 Section now has four (04) interpreters. They are assigned to different units to aid in "on the spot" interpretation of detainee information and any documents which need an immediate readout.

c. S-2 Personnel: Two (02) new personnel joined the S-2 Section this month. The S-2 Scouts continue to work as a Battalion Recon Squad.

d. VII Funds: The allocation of Voluntary Informant Program Funds remain a part of the S-2 function. A total of 11,500 VMS were spent during the month of November. The Voluntary Informant Program is not only a source of intelligence information, but it also eliminates the availability of ordnance to the enemy.

e. KCS Program: Due to the transfer of one (01) KCS to the 1st Marines S-2 Section and one (01) KCS being UA, there are now a total of ten (10) KCS assigned to the Battalion. By walking with the point man on patrols, the KCS are able to act as an early warning for booby traps and ambushes due to their familiarities with the enemy's tactics, habits and signs.

f. Training: The S-2 Section continued to furnish instructors on call for indoctrination training. At this time they are briefed on enemy, weather, terrain and the capabilities and functions of the S-2 Section.

SECRET

g. Maps: The S-2 Office has a full supply of maps of 2/1's T/OZ and will continue to supply them as needed.

h. Patrol Debriefs: Patrol debrief forms have been disseminated to all company recon squads in order to maintain an up to date intelligence picture. These forms when filled out are returned to the S-2 Office.

i. Special Liaison Team: The S-2 Officer has operational control of a Special Liaison Team located in Nui Kim Son. With the addition of one (01) Lance Corporal, the Special Liaison Team now consists of thirteen (13) enlisted personnel. Their function is to act as a special intelligence gathering and pacification source.

PART II
SECTION C
OPERATIONS

1. Operations

a. Mission. The 2d Battalion, 1st Marines was assigned the mission to:

(1) Conduct unilateral and combined offensive operations within the assigned TAOR to locate and destroy enemy forces, installations and LOC, with primary emphasis on those forces and bases which pose the greatest threat to GVN control of important population and economic centers and to the security of friendly military installations.

(2) Deploy forces throughout assigned TAOR to provide defense of the Da Nang vital area and military complex with emphasis on avenues of approach to known/suspected mortar/rocket positions, to include waterways.

(3) Be prepared to provide a reaction force for relief of Hoa Vang District Headquarters and CAP/CUPP's within the TAOR.

(4) In cooperation and coordination with FVMAF and District Headquarters, maintain continuous programs to upgrade hamlets within the TAOR in accordance with the Pacification Program.

(5) Provide security for roadworks and other engineer projects as required.

(6) Support Revolutionary Development Program within TAOR.

(7) Be prepared to be reinforced and committed anywhere in RVN on 12 hour notice.

(8) Be prepared on 48 hour notice to be relieved of present mission and to assume the mission of either of the other battalions within the 1st Marine Regiment.

b. Operations.

(1) The overall concept of operation within the TAOR is for three rifle companies to conduct saturation patrol/ambush activity within their respective areas of operation, while the remaining rifle company conducts mobile operations within the Battalion TAOR.

(2) During November, the Battalion utilized both critical terrain and watch towers for observation posts during the hours of daylight. This tactic not only provided cognizance of many densely vegetated areas and thus potential enemy harbor sites, but also significantly reduced the number of Marine booby trap casualties.

3/IMA/dll
5750

(3) Long Range combat patrols continued to operate throughout the TAOR. Each rifle company operated such patrols on a continuing basis in those areas targeted by current intelligence information. Long range patrols were conducted in order to increase the amount of ground that was physically occupied and to depart from any possible routine that may have been established by units departing from and returning to their Patrol Bases on a regular schedule.

(4) Vietnamese civilians continued to turn in large amounts of ordnance to Marines and supplied periodic intelligence. This information, coupled with the employment of aerial observers and an extensive U. S. intelligence effort, produced significant results in that no rockets or mortars were fired into the Da Nang vital area from the Battalion's TAOR during the month of November.

(5) Operations were characterized by continued close cooperation and liaison with Vietnamese Military and Civilian Officials. The many Regional Forces (RF) and Popular Forces (PF) units located within the Battalion TAOR carried an ever increasing portion of the defense and safeguarding of their areas. Operation Saturation (Hoang Diou) was extended for eight (08) days and ended at 0600H on 30 November 1970. The concept of this operation was to get Vietnamese military units out into the hamlets and fields on a continuous basis, providing better security for the people and greater control of the countryside. These activities were most often joint ventures ensuring the closest of coordination.

(6) Adapting its tactics to the monsoon season and the channelized lines of communications, the Battalion continued to stress road blocks and cordon and search operations as the best methods to root out the Viet Cong Infrastructure. Road blocks were run every day on the main arteries that traverse the Battalion's Area of Operation. Three cordon and search operations were run during the month of November and many more were in the planning stages for execution during following months.

(7) During the month of November the concept of tactical mobility was re-emphasized. The companies in the field lightened their loads and were constantly on the move throughout the Battalion's TAOR. Such tactical mobility coupled with the flexibility of a swing company gave the Battalion the capability of rapidly reacting to intelligence reports and targets of opportunity. During the month of November the Battalion participated in six (06) quick reaction type operations, both inside its TAOR and outside, resulting in thirteen (13) enemy KIA, two (02) NVA PWs, eleven (11) VC detainees, and the capture of two (02) tons of rice and 150 pounds of wheat.

2. Air Support.

a. The Battalion's air support for the month of November was hampered by inclement weather and a restriction on fire support which included close air support (CAS). Also, due to inclement weather, liaison runs normally facilitated by visual reconnaissance (VR) flights were often

3/DMM/dll
5750

either rescheduled or conducted by vehicle. Helicopters were obtained from M1G-16 and OV-10, aerial observation aircraft, from M1G-11.

b. The Battalion had a total of thirty-two (32) medevac missions in November, evacuating thirty-eight (38) personnel. There were sixteen (16) U. S. emergency, four (04) U. S. priority, one (01) U. S. permanent route, five (05) emergency civilian, nine (09) priority civilian, two (02) ARVN emergency, and one (01) ARVN priority. The shortest delay for an emergency medevac was nine (09) minutes. The longest delay for an emergency medevac was forty-four (44) minutes. The average time for all emergency medevac missions was sixteen (16) minutes. This time was computed as time elapsing from the moment when the medevac was called into the Battalion COC until the casualty was airborne.

c. There were twenty-eight (28) resupply missions flown during November. This included 164 sorties, carrying 250,650 pounds and 214 passengers.

d. Twenty-four (24) visual reconnaissance (VR) missions were completed during the month of November. The VR was utilized for liaison runs, visual reconnaissance, and the administrative transfer of passengers.

e. There was one (01) heliborne assault during November. This included thirteen (13) lifts carrying 227 passengers.

f. Five (05) aerial observation (AO) missions were flown, two (02) of which were utilized during the heliborne assault.

The remaining three (03) were used to observe areas of suspected enemy locations, ammunition caches, and possible rocket launch sites.

g. Due to the restriction on fire support, no close air support (CAS) missions were flown during November. On one occasion a flare ship was utilized to provide illumination for an engaged unit.

3. Artillery and Fire Support.

a. Artillery fire support for the 2d Battalion, 1st Marines was provided by Battery "B", 1st Battalion, 11th Marines and three (03) tubes of Battery "W", 1st Battalion, 11th Marines. Reinforcing fires were provided by two (02) M114 155mm Howitzers attached to Battery "B", 1st Battalion, 11th Marines and "B" Platoon, 2d Eight Inch Guns.

b. 1st Battalion, 11th Marines remained in direct support of 1st Marines during November with Battery "B", 1st Battalion, 11th Marines and "B" Platoon, 2d Eight Inch Guns collocated on Hill 55.

c. There were no observed missions fired in support of allied units in the Battalion TAO. Also, there were no pre-emptive or intelligence

3/DMW/CLL
5750

targets fired during November. There were no artillery rounds expended in support of 2d Battalion, 1st Marines during November.

d. The 81mm mortar platoon fired four (04) observed missions, all of which were contact illumination missions fired in support of units engaged with the enemy. There were no prep fires or targets fired in support of the Camp Lauer defenses. The platoon expended 200 illumination rounds during November. One (01) mortar section was located in the Camp Lauer Combat Base (BT081703), one (01) section at Sea Ancher (BT082698), one (01) tube at Hill 55, and one (01) tube at the 17th Armored Cavalry Compound (LT990673).

e. Due to the high density of civilian population and the provisions of 1st Marine Division message 181520Z October 1970, there were no preemptive or intelligence fires fired into the 2d Battalion, 1st Marines TAOR.

SECTION D
TRAINING

1. Training

a. Training consisted of indoctrination training for replacements, platoon rehabilitation training, formal schools and refresher training as required.

b. The replacement indoctrination course was broken down as follows:

(1) 5 day course. Conducted for replacement personnel initially coming into the Republic of Vietnam. During the month of November, forty-four (44) Marines completed the course. The subjects included: MPC and Platoon Spending, Pay and Allowances, Emergency Leave, Record of Emergency Data, Evac/Casualty Procedures, CAF Program, R&R, Postal Regulations, Private Weapons, PX Facilities, Request Mast, Respect for Religions based on Customs of Viet Nam, Moral Guidance, Red Cross, S-2 Mission, VC/NVA Mission, TAOR/Weather, Enemy Forces, Enemy Tactics, Rewards Programs, Handling of POW's, Care of Maps, VC/NVA Infrastructure, Interpreters and Kit Carson Employment, Security Compromise, War Trophies, Scouting and Patrolling, Basic Map Reading, Employment of Snipers, Battalion Mission, Supporting Arms, Air Support, Rules of Engagement, Troop Conduct, MACV Rules of Engagement, Vietnamese Armed Forces, Spot Reports, Ambushes and Counter Ambushes, Demolitions and Destruction of Booby Traps, Booby Traps, Booby Trap Lane, Compass, Small Unit Tactics, Employment of Chemical Agents, Motor Transport, Supplies, Discarded Equipment, Armory, Engineers, Civil Affairs, Psychological Warfare, Vietnamese Customs/Personal Response, Chieu Hoi Program, Scouts, Pacification, Assisting Vietnamese People, Conduct/Attitude Toward Vietnamese Nationals, Vietnamese Political Parties, Off Limit Areas, Prostitution, Narcotics, Alcohol, Legal Assistance, Accidental Discharges, Loss of Weapons, Buddy Aid, Heat Casualties, Personal Hygiene, Preventative Medicine, Venereal Disease, Anti-Malaria Measures, Military Decorum, Local Regulations, Military Courtesy and Discipline, Weapons Safety, 60mm Mortar, Claymore Mines, Grenade Safety and M-26 Fragmentation Grenade, M-16 Al Rifle, Care and Cleaning, Battalion Range Regulations, Fan Firing, Zeroing Weapons, and Quick Fire/Quick Kill.

(2) 3 day course. Conducted for replacement personnel joining the Battalion from other "in country" commands. This training was designed to disseminate requirements and tactics relevant to the Battalion's TAOR. Twenty-five (25) Marines completed this course during the month of November. The subjects included: Tactical Update, Legal Considerations, Vietnamese Relations, Religion and Personal Welfare, Quick Fire/Quick Kill, Military Bearing and Leadership, Booby Trap Lane, Countermeasures for Mines and Booby Traps, Night Fire "X", COC Brief, Communications Security, Personal Affairs and Logistics.

c. On 2, 3, and 4 November the Mine/Booby Trap Mobile Contact Team

3/DMM/c11
5750

from the 1st Marine Division Inspector's office gave instruction to a total of 125 Marines in the Battalion.

k. In November a total of thirty-five (35) Marines from the Battalion, attending three (03) different five (05) day sessions, graduated from the Landmine Warfare Resident Course as presented by the 1st Engineer Battalion. The Battalion now has 385 Marines who have completed the course.

l. In November 213 Marines underwent Quick Fire/Quick Kill training. The Battalion had 300 Marines who completed familiarization firing this month. Thirty-four (34) hours of this instruction were completed on the Battalion 1,000 inch range and eight (08) hours on the general purpose range.

m. The following quotas were filled for formal schools:

PART II
SECTION E
LOGISTICS

1. Logistics

a. During November, resupply of operating units was accomplished by helicopter and trucks. There were a total of 164 helicopter resupply lifts with a combined weight of 250,650 pounds. Trucks logged approximately 7,750 road miles.

b. There were five work orders completed during the month. New front and rear gates to Camp Lauer were constructed and installed. Fields of fire were cleared around the camp's lower perimeter. A SEI hut was constructed at the Main Gate of Camp Lauer for the processing of Vietnamese civilian workers. Two work orders requesting mount-cut boxes were completed when materials for fifteen boxes were delivered.

c. Two new work orders were submitted during the month; one requesting construction of a rope bridge at Ha Dong for tactical use by our CUI units and the other requesting that the Stack Arms Pavilion be rewired.

d. During the month of November, the Battalion's Laundry Unit washed and dried approximately 20,700 pounds of clothing.

2. Motor Transport

a. As of 29 November four (04) M274 mules are on deadline, one M3751 personnel carrier and two (02) M151A1.

b. Presently we are one M151A1 short. We rate this vehicle as a special allowance and it is presently on order. Three (03) new jeeps were drawn from Rolling Stock at FLC to replace three (03) code H vehicles.

c. We have added a monthly reschooling program for all vehicle operators to help them keep abreast of the latest developments in the fields of safety and maintenance.

d. With the arrival of Monsoon Season emphasis has been placed on preventive maintenance. To accomplish this we have installed the "If Stables" concept of preventive maintenance into our system.

e. We have gained one (01) 3516 mechanic and two (02) 0311 personnel this month and have lost one (01) 3531 driver.

3/DMM/jgc
5750

3. Supply

a. One (01) Staff Sergeant, 3041, rotated during this month. Also, an additional 3041 and a 3051 joined the section during the month.

b. Shortages that previously existed for combat boots have recently been alleviated.

c. The warehouse section is presently transferring bulk items from old embarkation boxes to newer boxes. A recent embarkation inspection revealed the existence of inadequate storage boxes in use by the Battalion, i.e. mahogany wood was utilized whereby pine should have been used.

d. The C-ration storage point has been moved from the outside storage to an area within the warehouse. Better control can be exercised over the issue and receipt of the above item.

e. Ninety-three (93) M-16 Rifles were turned into FLC. This action was taken in order to make the quantity on hand correspond with the current authorized T/E i.e. 1132.

f. The following items were invoiced to the Battalion during the month:

<u>TAM NUMBER</u>	<u>ITEM</u>	<u>QUANTITY</u>
B0890	Gen Set i U669	1

PART II
SECTION F
CIVIL AFFAIRS/CIVIC ACTION

1. Civil Affairs/Civic Action

a. Public Works. The month of November was a fairly active one in the area of public works. Ten (10) pieces of plywood were given to the R.D.'s of Xuan Tran to be made into anti VC and pro GVN signs. Twenty-four (24) pieces of tin, and fifty (50) pieces of plywood were delivered to Lo Son for the repair of the school damaged during the storms. Ten (10) bags of cement, and numerous pieces of plywood, were delivered to Tan Luu for the school project now very near completion. A swing set was completed in Hoa Long Village next to the Sea Ancho School. Several large sections of old canvas, collected from Sea Ancho, were taken to the old church in Hoa Long Village for the patching of roof holes. The old church is to be used for the showing of movies. Ten (10) speed limit signs were erected in the villages throughout the MDR in an effort to reduce the number of traffic accidents.

b. Welfare. During November, a total of 44,000\$VN was paid for local hire and the AIK (Assistance In Kind) employment fund. This program accomplished two basic things; first, it enabled needy Vietnamese to earn money on a daily basis for their food, etc., second, it provided a temporary work force that could perform many of the menial tasks throughout the cantonment i.e., police, burning of feces, etc., which freed that many more Marines for other uses. There were twelve (12) Vietnamese working for the Battalion under the AIK (Assistance In Kind) program. They worked and were paid on a daily basis, and received a wage of 150\$VN per day.

c. Education. This month the new school in Tan Luu fishing hamlet was nearly completed. Building materials for the school, came from scrap lumber that was given to the S-5 by 1st Engineers Battalion and from materials taken by the P.S.D.F. and the R.D.'s from the old Sea Ancho area. Requests for tin and materials to repair the roofs of all the schools that were damaged during the wind storms were turned into District. Relief was promised in the near future.

d. Health. A daily MEDCAP was carried on in the S-5 Office, and this past month, a total of 217 people were treated for medical problems. In addition to this, field MEDCAPS were held in the various hamlets several times each month. A total of 273 MEDCAP patients were treated in the field during November. During the month of November there was a total of three (03) civilians medevaced to local hospitals for treatment of serious injuries, severe cooking burns, skin diseases, and dog bites that could have resulted in rabies.

To aid in health improvement in the New Life Hamlets, excess food from the Battalion messhall was distributed to the local officials and

from those to needy refugees. The introduction of fresh vegetables and meat into their diet, even on a temporary basis, provided them with much more protein, and vitamins so necessary for good health. It also served to raise their spirits and increase the good relations between the local populace and the Marines in their area. In November, twelve (12) cases of tomatoes, four (04) cases of lettuce, twenty-five (25) cases of lemons, and six (06) cases of cucumbers were delivered to Tu Binh and Cau. Le Son received six (06) cases of lemons, and four (04) cases of lettuce, while the people of Tan Lau received six (06) cases of fresh vegetables and two (02) cases of corned beef. The storm left many people homeless and without food. Forty (40) cases of C-rations were delivered to Le Son (ILH) to sustain the people until they recovered from the disaster.

e. Security. Two (02) cases of hand illumination consisting of two delivered to the PSEF (Peoples Self Defense Force) of Xuan Tra (1950) to aid them in spotting the enemy during periods of poor illumination.

f. Solatium. A total of 8,000 \$VN was paid in solatiums this past month for two (02) incidents resulting in two (02) deaths. Both deaths occurred from traffic accidents. One (01) solatium was paid out for the death of a Vietnamese woman that was struck by an unidentified ARVN vehicle near Le Son. The second incident involved a vehicle from the CG. Near Xuan Tra a Vietnamese child was killed when he stepped into the path of the vehicle. In regard to the traffic accidents, driver safety classes were periodically held for 2/1 drivers which emphasized the traffic problems encountered in Vietnam and how to prevent accidents in the future.

g. Personal Response. A total of ninety-nine (99) enlisted men and four (04) officers joined the Battalion during the month of November and were given an indoctrination brief covering the many facets of Civil Affairs and personal response. Personal Response literature was distributed throughout the indoctrination classes by the S-5.

PART II
SECTION G
COMMUNICATIONS

1. Communications

a. During November the Communications Platoon provided and maintained all normal communications for the Battalion. In addition, several Advance Command Post displacements were conducted, providing excellent training and experience for communications personnel. A courtesy Command Material and Management Inspection was conducted by the 1st Marines Communications Officer and members of his staff, which also proved valuable in preparation for the upcoming Division CMMI. Minor discrepancies were noted and action is being taken to correct those.

b. Radio Relay Section. This Section continued its normal function in support of the Battalion by providing radio relay channels to 1st Marine Regiment Headquarters. A total of 5.4% downtime was experienced, primarily due to power failure at either the Regimental or Battalion terminals. Malfunction of radio relay equipment accounted for a minority of downtime.

c. Radio Section. The Radio Section functioned normally in providing and maintaining tactical, administrative and logistical radio nets for the Battalion. Utilization of a defective lot of BA-4386 batteries in KY-38 cipher equipment resulted in overheating and bursting or expanding of the batteries, but no serious damage was noted. Personnel of the Section conducted inventories of communications equipment of the rifle companies and provided instructions to Company and Platoon operators in waterproofing, operation and maintenance, in addition to Communications Security.

d. Wire Section. The Battalion and Guard Switchboards continued normal functions by providing internal wire communications for the Battalion Command Post. Color coding CP was completed. Terminal Boards have been considerably improved upon by relocation and/or straightening. A thorough policing of excess wire was completed throughout the commandment by removal and destruction of old, dead wiring.

e. Message Center Section. Teletype and Courier message traffic for the month of November totaled 35 outgoing and 800 incoming messages. 29% downtime was experienced for the teletype net due almost entirely to the power failures during the month.

f. Electronics Maintenance Section. In addition to normal second echelon maintenance operations, personnel of this Section were instrumental in conducting training for rifle company operators in first echelon maintenance procedures, waterproofing and construction and utilization of field expedient antennas.

3/DMH/all
5750

8. Ground Power Section. Containment power was considerably reduced during the month as a result of the declining of one of the Battalion's two 150KW generators for approximately two weeks. It became necessary to disconnect various power lines within the Command Post to allow the functioning generator to carry the necessary load requirement. The re-wiring of all perimeter lights was started. This Section accepted and added to its inventory, two 20KW generators. Numerous minor wiring repairs were conducted in both the Command Post and Stack Arms messhalls.

CHAPLAIN

1. Chaplain.

a. On 10 November the Battalion Chaplain, Lt. Frank D. MINWAL, CHC, USNR, representing the Catholic chaplains serving the infantry Marines in Military Region I, conducted Divine Services at the XXIV Corps Chapel, in a religious observance of the 195th Anniversary of the USMC. Thirty-three chaplains and guests from all branches of the U. S. Armed Forces were in attendance.

b. On 25 November a Memorial Service was held for Lt. Col. William G. LEFTWICH, Jr., former Battalion Commander, who died 18 November. Approximately seventy-seven attended the service.

c. Thanksgiving Day, 26 November, was observed in Camp Lauer, the home of the 2d Battalion, 1st Marines, with two chapel services attended by a total of forty-eight (48) personnel and with a brief prayer service in the Enlisted Messhall for approximately one hundred and fifteen men prior to the Traditional Dinner.

d. During the month of November the Battalion Chaplain offered twenty-nine (29) Catholic Services with a total attendance of four hundred and eighty-one (481). He also conducted six (06) services outside the Battalion for another eighty-six (86) Marines and Corpsmen.

e. Ten Protestant Services were conducted for two hundred and thirty-seven (237) members of this Battalion; seven (07) by Cdr. E. ANDRESS of the 1st Marine Regiment and three (03) by Lt. W. ROLAND of the 1st Engineer Battalion.

f. During November seventy-eight (78) men were counselled and thirty-three (33) patients were visited in seven (07) trips to hospitals. One hundred and twenty (120) "Vietnam Gift Paces", seventy (70) books and magazines, forty (40) pieces of religious literature, along with approximately ninety (90) rosaries and sixty (60) religious medals, were distributed to members of the Battalion.

These items were donated by friends in the U. S.

g. Two (02) good-will visits were made to the nearby orphanage (Sacred Heart Nursery). Accompanied by several Marines the Chaplain delivered forty-six (46) crates of food and 13,750 piasters (\$50), the latter in anonymous donation by a Marine.

- b. Friendly Forces. No change.
- c. Attachments and Detachments. No change.

2. MISSION. 2d Bn, 1st Marines continues its mission of preventing indirect fire attacks on the Danang Vital Area and interdicting enemy lines of communications in the Battalion TAOR.

3. EXECUTION.

a. Concept of Operations. The battalion will continue operations in the TAOR but will give up all fixed positions except Camp Lauer, Crownest OP, and Ostrich OP. The rifle companies will be completely mobile, keeping all platoon and company command posts on the move. Patrols will be tasked against specific targets developed by the S-2 and will be company, platoon, or squad sized as the mission requires. Company commanders will plan and execute the patrols in response to missions assigned them. One rifle company will be held at Camp Lauer as a swing company to act as Battalion Reserve and to train or execute special operations throughout the TAOR. The swing company assignment will be rotated bi-weekly. A CUPP Platoon will be established at Hill 55 to administer and control the CUPP's in the TAOR as well as coordinate fires and maneuver around Hill 55. Fire support will be provided by organic company mortars, 81mm mortars at central locations, and artillery at Camp Lauer and Hill 55.

b. H&S Company.

(1) Continue defense of Camp Lauer and manning of Crownest OP and Ostrich OP.

(2) Provide one full infantry squad, including corpsman, from 106RR Platoon for attachment to the CUPP Platoon at Hill 55. This squad will be a "swing" CUPP to relieve other CUPP's on a rotational basis. It will report to CUPP Platoon on 15 November.

(3) Locate 81mm Mortar sections at Hill 55, 17th Armored Cavalry Regiment, ARVN compound, 1/34 RF Company Group compound, and Camp Lauer.

(4) Be prepared to provide a "jump" CP for Battalion (-) operations. This will include a security section from the 106RR Platoon and a section of 81mm mortars.

c. Company E.

- (1) Return to Camp Lauer by 161200H November and assume swing company duty.
- (2) Retain administrative control of all CUPPs.
- (3) Reduce PFB at AT977673 by 14 November.

d. Company F.

- (1) Assume responsibility for Central AO at 141200H November.

e. Company G.

- (1) Reduce CPB at BTO44687 by 14 November.
- (2) Return to Camp Lauer by 141200H November to prepare move to Western AO.
- (3) Move to and assume responsibility for Western AO by 161200H November.

f. Company H.

- (1) Reduce CPB at BTO73669 and PFB at BTO89676.
- (2) Assume responsibility for Eastern AO at 141200H November.

g. CUPP Platoon.

- (1) Assume operational control of CUPPs Taylor, Caster, Wiggins, McClarnae, Russell, and 106RR squad at 151200H November
- (2) Conduct combined operations in respective Tactical Areas of Coordination (TAOCs) with assigned RVNAF units.
- (3) Coordinate CUPP operations with other units in the vicinity of Hill 55.

h. Coordinating Instructions.

(1) Reduction of PFBs will include retrograde of all serviceable fortification material, destruction of unserviceable material, filling in all fighting holes, and bulldozing ramparts. A mini-dozer is requested for Company G to arrive by 130900H November by helicopter. Resupply helicopters will be directed to bases being reduced on 12 and 13 November to retrograde serviceable material.

(2) OP watch towers at BTO73669, BTO89672, BTO44687, and AT977673 will be manned during the day by no more than a squad; during the night the towers will be manned only when weather and moon conditions permit night observation. On those nights when towers are not manned routes of approach to the towers will be ambushed.

(3) Annex A (TAOR Overlay).

(4) Units and individual Marines will operate with reduced loads. Company commanders submit recommendations for standard pack and proscribed load by 121200H November to the S-3.

[REDACTED]

(5) Transportation for troop movements and retrograde of materials will be scheduled by the S-3/S-4.

(6) Assignment of patrol missions to the companies will follow this process:

(a) The S-2/S-3 will prepare by . each day recommended patrol missions for each company for the next day which will then be briefed to the Battalion Commander for his approval.

(b) After approval, the missions will be sent by radio to respective companies to arrive NLT 1800H.

(c) By 2400H the companies will submit to the S-3 by radio the specific patrol size, routes, checkpoints, ambush sites, times of departure, and times of return for each of the patrol missions assigned.

(d) By 0600H of the day concerned the S-3 will coordinate with adjacent units about any day patrols which may be in conflict.

(e) By 1200H the S-3 will coordinate with adjacent units about night patrols.

4. ADMINISTRATION AND LOGISTICS. No change.

5. GROUND AND COMMUNICATIONS-ELECTRONICS.

a. Communications-Electronics.

(1) GEOI in effect.

(2) CUFF Platoon will operate on Battalion Tac Net and its own CUFF Tac Net. Call Sign will be LUNCHL.E.T CUFF.

b. Command Posts. Report locations of all company, platoon, and CUFF command posts.

- S-3 1stMar 0100 Echo 12 loc AT976673 on 032340H. While proceeding from last check point to PPB, through heavy treeline, unit received small arms fire after stopping because point man heard noise. It was an enemy fire team to the north about fifty (50) meters. Unit returned fire with M-16 and fired illumination from M-79 and 60mm mortar. Treeline was too heavy to search at night so unit returned to PPB. Treeline will be thoroughly searched at first light.
- 0900 GUPP Russell loc AT976604 on 040900H. Unit received word from "B" Battery, 1st Battalion, 11th Marines that one (01) ten (10) year old male was at above grid with gun-shot wound in his side. Unit investigated and found male needed medevac. Person claimed to have been shot by VC earlier in the morning. He was tagged as POW. One (01) emergency medevac called in and completed.
- 0930 Fox 1 loc AT958650 on 040930H to 041400H. Fox 1 was helo-lifted to above grid in response to intelligence report of twelve (12) VC in that area. Unit swept area finding one (01) 105mm illumination round, one (01) 4'x8' bunker, one (01) 5'x5' bunker, two (02) 4'x4' bunkers, all of which were reinforced with timber, and one (01) 60mm assault base plate. No VC were located. All bunkers were destroyed with C-4. The 105mm round was also destroyed with C-4 and one (01) secondary explosion was observed indicating it was booby trapped.
- 1055 Tango-GUPP loc AT985655 on 041055H. A fifty-eight (58) year old Vietnamese female came to unit's PPB with fragmentation wounds in right foot. She claims she received wound at 1500H yesterday from artillery fire from Hill 55. Woman was tagged as POW and one (01) priority medevac was called in and completed by air.
- 1205 Echo 3 loc AT959658 on 041205H. At conclusion of sweep by Fox Company, point man detonated one (01) M-26 booby trapped grenade. Two (02) Marines were injured. Unit was unable to determine how booby trap was detonated. Two (02) emergency medevacs were called in and completed by air.
- 1400 Fox 11 loc AT958646 on 041400H. While sweeping treeline, one (01) attached engineer personnel detonated a toe popper type booby trap. Another toe popper was found on trail. One (01) emergency medevac was called in and completed by air. Second toe popper was destroyed with C-4.
- 1600 Echo 1 loc AT958646 on 041600H. Unit discovered one (01) box type mine which was blown in place with C-4.

S-3	1stMar	0015	Golf 1 loc AT987611 on 190015H. While in night ambush, one (01) M-26 grenade was thrown by a member of the unit resulting in three (03) USMC emergency medevacs which were called in and completed. Investigation will follow.
		0255	Echo 3 loc BT001610 on 190255H. Unit heard movement in river and came under fire. Following fire, unit observed one (01) VC body lying on the south bank of the river. 81mm and 105mm illumination requested for better observation of area. Body sighting confirmed.
		0700	Echo 3 loc BT001610 on 190700H to 191200H. Unit checked areas of previous contact on 190255H. The body seen through a star light scope the previous night could not be located. Body possibly floated down river. Unit found one (01) packet of documents, several blood stained rags, and three (03) bunkers (30m x 10m) reinforced with bamboo and steel beams. The bunkers required Engineer's assistance for destruction. The captured documents were turned over to S-2.
		1020	Echo 1 loc AT998616 on 191020H. Unit picked up one (01) sixteen (16) year old Vietnamese male who came up to the blocking position and invited Marines to eat in the hamlet. Suspect claimed that he had been to America for medical care. I.D. papers appeared to be new. Male was detained for interrogation by 3rd CIT.
		1200	Echo 1 loc AT998622 on 191200H. Unit discovered a booby trap near their position consisting of a square box in a hole with a bamboo stick in the middle. The booby trap had both a trip wire and an electrical firing device attached but only the trip wire was effectively attached. Unit destroyed the booby trap with one (01) pound of TNT.
		1300	Hotel 3 loc BT083684 on 191300H. While on daytime patrol, three (03) Marines proceeded to the top of a hill to get better oriented. Upon arrival at the top, one (01) Marine hit a booby trap believed to be an M-26 grenade with a trip wire leading to a hollow log. Unit called for and completed, two (02) emergency medevacs.
		1630	Echo 3 loc AT997608 on 191630H. While checking the area for possible site to employ a Scout sniper, the unit found one (01) M-33 grenade with trip wire and encircled by bamboo punji sticks. Unit marked the booby trap for destruction by Engineer personnel.

FIRE SUPPORT FOR HELICOPTER OPERATIONS (C)

1. (C) AN ANALYSIS OF OCTOBER'S FIRE INCIDENTS REPORTS SHOWS THAT APPROXIMATELY 80 PERCENT OF ALL HELICOPTERS HIT BY ENEMY FIRE ARE BELOW 500 FEET. 33 PERCENT OF THESE HIT INCIDENTS OCCUR ON MEDEVAC MISSIONS. INTELLIGENCE INDICATES THAT THE ENEMY STRESSES THE USE OF FIRE AGAINST HELICOPTERS WHEN THEY ARE BELOW 500 FEET. ON MANY OCCASIONS, TRANSPORT HELICOPTERS HAVE RECEIVED HITS ON FINAL APPROACH OR ON TAKE OFF FROM A ZONE ALTHOUGH THE ARMED HELICOPTERS ARE PROVIDING SUPPRESSIVE FIRE AND SMOKE COVER.
2. (C) DURING A RECENT MEDEVAC BOTH THE ARMED AND THE TRANSPORT HELICOPTERS DREW ENEMY FIRE WHILE AT 2000 FEET OVER A MEDEVAC ZONE. THE GUNSHIPS RECEIVED FIRE WHILE MAKING SUPPRESSIVE FIRE RUNS. PRIOR

PAGE TWO RUMULYA1540 CONFIDENTIAL
TO BEGINNING HIS APPROACH TO THE MEDEVAC ZONE, THE TRANSPORT PILOT REQUESTED THAT THE FRIENDLY UNIT PROVIDE A BASE OF FIRE IN THE DIRECTION THAT ENEMY FIRE HAS BEEN RECEIVED. AS THE PILOT BEGAN HIS FLARE, HE CALLED FOR THE BASE OF FIRE. THE LANDING, LOADING OF THE MEDEVAC, AND DEPARTURE FROM THE ZONE TOOK ABOUT 45 SECONDS, DURING WHICH TIME THE BASE OF FIRE WAS DELIVERED AGAINST THE ENEMY POSITIONS. THE MEDEVAC HELICOPTER RECEIVED NO FIRE DURING THIS TIME. IT IS FELT THAT THE BASE OF FIRE IN THIS INSTANCE SAVED THE AIRCRAFT AND CREW FROM ENEMY FIRE.

3. (C) COMMANDERS WILL TAKE APPROPRIATE ACTION TO SUPPRESS AA FIRE OR POTENTIAL AA FIRE, ESPECIALLY WHEN ENEMY FIRE IS DIRECTED AGAINST HELO'S AND/OR WHEN HELO PILOT REQUESTS ASSISTANCE.

- INDICATIONS OF INCREASED ENEMY ACTIVITY (U)
1. (C) RECENT AGENT, POW INTERROGATION AND DOCUMENT TRANSLATION REPORTS SUGGEST A SURGE OF ENEMY OFFENSIVE ACTIVITY WILL COMMENCE IN LATE NOVEMBER/EARLY DECEMBER.
 2. (C) LOW AGENTS REPORTS INDICATE INCREASES IN TERRORISM, SABOTAGE AND HARASSING ATTACKS AGAINST MILITARY AND GOVERNMENT INSTALLATIONS. WITH LUNAR ILLUMINATION DECREASING TO ZERO PERCENT ON 30 NOVEMBER, A SURGE IN ACTIVITY IS EXPECTED TO BEGIN DURING EARLY DECEMBER, POSSIBLY ON THE NIGHT OF 1 DECEMBER - 2 DECEMBER.
 3. (C) INDICATIONS ARE THAT EN ACTIVITY WILL BE TARGETED AGAINST THE PACIFICATION PROGRAM, WHILE THE ENEMY MAINTAINS THE CAPABILITY TO LAUNCH COORDINATED HARASSING ATTACKS. HIS PRESENT POSTURE SUGGESTS THAT A LIMITED SURGE OF STAND-OFF ATTACKS MAY BE EXPECTED.

1. (S)(NOFORN) TRANSEC REPORTS CONTINUE TO SHOW THAT INFORMATION SUCH AS OPERATING FREQUENCIES, UNIT/CP LOCATIONS, CALL SIGNS LINKED TO UNITS, NUMBER/TYPE CASUALTIES, REQUESTS FOR AIR SUPPORT/OBSERVATION, AMBUSH LOCATIONS AND PRE-PLANNED ARTY FIRES, IS BEING PASSED ON VOICE RADIO NETS WHICH ARE NOT SECURE AND ON WHICH CIRC CODES ARE NOT BEING EFFECTIVELY EMPLOYED. THE ENEMY CONTINUES HIS NEAR REAL TIME EXPLOITATION OF THESE UNPROTECTED VOICE COMMUNICATIONS.

2. (S)(NOFORN) A CONTINUING OBJECTIVE OF THIS DIVISION IS TO REDUCE THE INFORMATION AVAILABLE TO THE ENEMY TO THE ABSOLUTE MINIMUM. TOWARD THIS END THE MAXIMUM NUMBER OF RADIO NETS WILL BE OPERATED IN THE SECURE MODE. REF A DIRECTED THAT CERTAIN RADIO NETS BE SECURE WHERE ASSETS WERE AVAILABLE. REF P PROVIDED ADDITIONAL DIRECTION SPECIFICALLY RELATED TO AIR-GROUND COMMUNICATIONS. RECENTLY, SECURE NETS HAVE BEEN ANALYZED AS TO EQUIPMENT USAGE WHILE NON-SECURED NETS WHICH ARE POTENTIAL INTELLIGENCE TARGETS HAVE BEEN IDENTIFIED. ADDITIONAL SECURE VOICE EQUIPMENT HAS BEEN MADE AVAILABLE FROM UNITS REDEPLOYING FROM RVN. AS A RESULT SEVERAL OF THE NON-SECURED NETS CAN NOW BE SECURED.

3. (S)(NOFORN) THE RADIO NETS WHICH WILL BE OPERATED AS SECURE NETS AT ALL TIMES ARE AS FOLLOWS:

4. (S)(NOFORN) THERE ARE SPECIAL PURPOSE NETS IN ADDITION TO THE ABOVE WHICH WILL BE OPERATED AS SECURE NETS. THESE INCLUDE OP NETS, LOCAL SECURITY NETS, INTRA-CONVOY CONTROL NETS, ROAD SWEEP NETS, AND ANY VHF NETS WITH STATIONS IN FIXED LOCATIONS.

5. (S)(NOFORN) THE REMAINING DIVISION VHF NETS WILL BE OPERATED AS MIXED NETS. WHENEVER TWO OR MORE STATIONS ON A NET ARE OPERATED FROM FIXED POSITIONS, THESE STATIONS WILL HAVE VOICE SECURITY EQUIPMENT, AND WILL GO CIPHER WHEN TALKING TO EACH OTHER.

EXAMPLES OF THIS ARE:

1. FILE CO TAC BETWEEN FORWARD AND REAR.

2. FILE CO TAC TO PLATOONS WHEN OPERATING FROM FIXED LOCATIONS.

3. (C) REF C PROVIDES DIRECTION IN THE USE OF CIRCLE CODE. THAT DIRECTION IS REEMPHASIZED. THE CIRCLE CODE WILL BE EMPLOYED BY EVERY STATION WHICH MUST BE OPERATED IN THE NON-SECURE MODE. ALL NUMBERS WILL BE ENCRYPTED. THE DECISION TO SEND NUMBERS IN THE

THE ONLY BASIS TO JUSTIFY THE DECISION TO SEND NUMBERS IN THE PLAIN IS A MESSAGE OF SUCH URGENCY THAT TIME PRECLUDES THE ENCRYPTING OF NUMBERS.
