attendance of 130. A total of 16 Protestant Services were conducted within the units of this command with a total attendance of 330. The Chaplain assigned to this command is responsible for providing Protestant coverage to First Marines CP. During this reporting period 2 Protestant services were conducted at these units with a total attendance of 11. Personnel counseled during this period were 42 in addition to 69 hospital visits. One (1) Memorial Service (including a Requiem Mass) was held during the month of May with 285 personnel attending.

2. Enemy

a. General. Due to the enlargement of the Second Battalion, 1st Marines TAOR, there was a definite increase of Viet Cong incidents within the Battalion. The majority of this activity centered in the two new areas of responsibility, the LE SON, THAI CAM, XUAN DIEM Hamlet complex and KY MINH Village. Contacts and sightings increased substantially during the month of May. There was a total of 74 contacts in the TAOR, the heaviest contacts occurring in the first half of the month in both LE SON and THAI CAM Hamlet complex and in KY MINH Village. Fifty-nine sightings, totaling 145 Viet Cong, occurred during this period. The majority of the sightings occurred in KY MINH Village, where 60 Viet Cong were reported during the month of May. There were 39 mining incidents in the TAOR during the month of May as compared to 27 incidents during April.

b. Enemy units which operate near our TAOR.

(1) DIEM BAN (LP) Company (Q-15) with an estimated strength of 80 operating at BT 063596. The normal operating area of this company is BT 023635.

(2) 402nd (MP) Sapper Battalion, with an estimated strength of 600 last reported at AT 910800. The normal operating area of this battalion is ZU 135290.

(3) R-20th (LP) Battalion, with an estimated strength of 390, last reported at BT 043529. The normal operating area of this unit is AT 985535.

(4) V-25th (LP) Battalion, with an estimated strength of 500, last reported at AT 950530. The normal operating area of this unit is AT 829483.

c. Weather and Terrain. No change.

3. Organization and Operations

a. Operations conducted during the month of May continued to

emphasize small unit tactics during periods of darkness to interdict suspected enemy land and waterway infiltration routes and deny enemy access to local village support.

b. One Battalion (-) search and destroy operation was conducted in the village of THANH GIY, employing the 1st Battalion, 51st AAVN Regiment as a sweep force. Control of this operation was exercised through a light command group in the field.

c. Company F returned to this battalion from NUI LOC SON on 6 May after 3 months under Operational control of 1st Marines.

d. Company E was chopped OPCON to 1st Battalion, 1st Marines for Operation UNION from 22 April until 4 May, and Operation UNION II from 13 May to 16 May. Company G was chopped OPCON to 1st Battalion, 7th Marines from 19 May to 25 May.

e. The first Marine aircraft wing supported Battalion operations by providing 61 med-evacs, 14 resupply missions, 3 troop lift missions, 5 close air support missions, 4 illumination missions, 1 Pay War mission, and 2 reconnaissance missions. Two administrative missions and 3 Battalion commander reconnaissance missions were flown. Aerial observation was provided as requested throughout all operations. On the morning of 13 May, Company E was heli-lifted from the Battalion landing zone during the late hours of darkness to participate in Operation UNION II.

f. During the month of May, supporting arms fired 169 missions and expended 1774 rounds. Battalion 81mm mortars fired 62 missions and expended 1029 rounds. Supporting arms expended 1886 artillery rounds and 820 81mm mortar rounds on H&I's. Bravo Battery, 1st Bn, 11th Marines continues to provide fast and accurate artillery fires. During the month there were 4 Counter Punch drills held with an average time of 2 minutes.

4. Training

a. Emphasis continued to be placed on individual general military subject training, weapons familiarization, and small unit tactics during May. Military technical proficiency was improved through the conduct of battalion level schools for motor transport and communications personnel.

b. Weapons training and ordnance safety was stressed at all levels, and each Marine received weekly instruction on the general safety precautions of all organic infantry weapons. All personnel armed with the M16A1 rifle continued periodic familiarization firing and training.

UNCLASSIFIED

UNCLASSIFIED

c. Nuclear, Biological and Chemical warfare training was conducted for all members of Company F, in proper mask fitting, recognition of chemical agents, and procedures for decontamination. This training completed the battalion NBC individual training requirements. Quotas for NBC formal training schools are non-existent thus limiting the capabilities of Company NBC teams.

d. Maximum use was made of all formal school training programs both in and out of country. Most significant of these was the VN language school. One hundred fifty nine Marines of the battalion attended the 1st Engineer Battalion Land Mine Warfare School during May bringing the present total personnel trained to 627. Approximately 100 quotas are needed to complete Land Mine Warfare training and a continuing need will exist as future replacements are received.

e. A training inspection was conducted by a team from FMF PAC headquarters on 31 May which reported satisfactory results in all training areas, except a requirement exists to conduct more extensive technical MOS training in communications support, and service support units.

5. Combined Action Company

a. GAP D-6 conducted 29 daylight patrols, 53 night ambushes and 23 Med-Cap patrols. These activities resulted in a total of 1 VC (WIA) 10 VC (PW's) and 25 Detainees.

b. GAP D-7 conducted 30 daylight patrols, 24 night ambushes and 30 Med-Cap patrols. These activities resulted in 2 VC (KIA's) (2 WIA's) 3 detainees, and 3 VC weapons captured.

c. GAP D-8 consisting of 14 Marines, 1 Navy Corpsman, and 16 IS's, was formed on 28 May 1967.

d. Marine leadership by example continues to instill confidence in the VN members. Increased language proficiency through daily verbal drills increases cooperation and coordination between all CAP members.

6. Logistics and Supply

a. During the reporting period, the access road was completed and a work order was initiated for a 400 meter extension to the access road. Further work orders were initiated for the construction of a new COC and Message Center, garbage pit for Bn refuse, and modification of roofs for the main mess hall and Staff and Officers mess to provide ventilation. No problems were experienced in areas of food services, or hospitalization- evacuation. Requisitions for procurement of lumber to build embarkation mount-out boxes have been approved.

(1) Supply. Status of supply remains adequate except in the following problem areas:

(a) GP Tents remain in short supply with 53 of the 105 rated on hand. 52 remain on order. However, CG 1st MarDiv msg 011947Z June 67 provides for definite relief in this area.

(b) Tires 750 x 10. The continued shortage of this item is becoming increasingly critical. At the present, a zero balance on hand leaves our vehicles without spares, as a result when flats occur the vehicle becomes temporarily deadlined.

(c) 70,000 sandbags are presently on order with a zero balance in stock. Berms and emplacements are beginning to deteriorate at a rapid rate and no remedy for this problem is foreseen in the near future. This item is further required to build emplacements and defensive positions for a new CAC unit (CAC D-8).

(2) Fiscal obligations for the month of May for PSA was \$23,233.16.

b. During the reporting period, 147 Tactical Repair Orders were submitted to 1st FSR. Of these, 58 were completed. At present, 15 items of combat essential equipment are deadlined.

7. Civic Action. Civic action activities were directed primarily toward improving the Med-Cap program. The battalion increased the number of sites offering medical aid from four to five. In addition to PHONG LUC (2), PHONG LE (2), PHONG NGU (1), QUANG LOC TAY (1) a medical program was initiated at LO GIANG (1). Also, initial steps have been taken in constructing a school at VIEM TAY (4). The members of the Hamlet, ARVN soldiers and Marines are working together on this project.

8. Psychological Operations. During the month of May, emphasis was placed on loudspeaker broadcasts throughout the TAOR. Many leaflets and newspapers were hand distributed by patrols. These consisted of 100,000 GHIEU HOI leaflets, 100,000 self help leaflets, 60,000 weapons and mine reward leaflets and 100,000 exploiting VC atrocities. 210,000 Safe Conduct, weapon and mine rewards, GHIEU HOI, and leaflets appealing to families of VC were dropped during one helicopter mission.

9. Communications

a. Training during the period consisted of a battalion level school to train new operators for the rifle companies, and increase the proficiency of currently assigned operators. Twenty three Marines satisfactorily completed the two day training period.

UNCLASSIFIED

UNCLASSIFIED

b. Waterproofing techniques for all organic communications equipment was taught to members of the communications platoon and available company operators by a contact team dispatched from the Amphibious Training Command, Pacific.

c. Communication inspections were held by representatives of 1st Marine Regiment, 1st Marine Division, and Headquarters, FMF, Pacific during May.

10. Medical and Dental

a. Nineteen combat casualties and 596 sick call patients were treated at the Battalion Aid Station during the month of May. The most significant of these were several cases of Influenza type symptoms,

b. Dental Trends. No significant trends during the month of May.

1. SITUATION

III MAF is prepared to exercise control and to provide necessary security for ARVN Ammunition Depots and POL facilities within the I Corps Tactical Zone (I CTZ) should the situation require in order to ensure support to loyal GVN forces and to deny support to disloyal and dissident elements. Reference (b).

A. Enemy Forces

- (1) Basic Intelligence studies on Ammunition Supply Points located in the DA NANG area (to be issued).
- (2) Intelligence Spot Reports, Intelligence Summaries and Periodical Intelligence Reports as issued.

B. Friendly Forces

- (1) Naval Support Activity supervises the offloading of ammunition ships at DA NANG.
- (2) I Corps Area Logistics Command (I ALC) Advisory Team Six exercises control of ammo issue by the ARVN Ammunition Depot, DA NANG and the senior Advisor reports to the Commander, Naval Support Activity.
- (3) I Corps Area Logistics Command (I ALC) Advisory Team Six exercises control of POL issue and reports to the Commander, Naval Support Activity.
- (4) III MAF continues operations in the I Corps Tactical Zone.
- (5) First Marine Air Wing provides air support on request.

~~CONFIDENTIAL~~

C. Assumptions

- (1) That I ALC will be notified through RVN channels which units are authorized to receive ammunition and POL and in what quantities. Concurrently, I ALC Team Six will receive the same information through the appropriate channels.
- (2) Ammunition Section, 81st CRD CP, I Corps Area Logistics Command will continue functioning in order to determine requirements and to direct shipments for storage facilities outside the DA NANG area.

2. MEANS

On order, 2nd BN provides force for security of ARVN 511th Ammunition Depot, DA NANG (Objective 1) via BT 030790 and for security of Port POL Facilities (Objective 2) via PT 033768.

3. EXECUTION

- A. Concept of Operations. Upon notification from Commanding Officer, 1st Marines, the 2nd BN security force of the ARVN 511th Ammunition Depot, DA NANG and the Port POL Facilities, 2nd BN elements proceed by motor convoy, armored column or helicopter to their assigned locations and assume the responsibility of security. Control of receipts and the distribution of Class III and V items will remain the responsibility of the Senior Advisor I Corps Area Logistics Command Advisory Team Six who will report to the Commander Naval Support Activity or the Commanding General Third Marine Amphibious Force, as appropriate. I Corps Area Logistics Command will inform Marines which ARVN units are authorized to receive POL and ammunitions and in what levels or quantities. The USMC security force commander at each location is responsible for the security of the supply against enemy or dissident/disloyal GVN forces and answers only to the Commanding Officer, 1st Marines. When the political situation stabilized, the security of the supply points will be reassigned to loyal GVN forces and 2nd Battalion units will be withdrawn on order from Commanding General, 1st Marine Division.

B. Company

- (1) On order provide one rifle company for security of ARVN 511th Ammunition Depot.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

- (2) On order provide one rifle platoon(rein) for security of Port POL Facilities.
- (3) Upon assuming control of the Ammunition Depot and the Port POL Facilities, establish communications with I ALC Advisory Team Six.

C. Coordinating Instructions

- (1) Coordination with GVN forces in the execution of this plan will be on a cooperation and coordination basis.
- (2) This plan becomes effective for planning upon receipt and for execution on order.
- (3) Artillery fires and/or Air Support will be called on the Ammunition Depot or the Port POL Facilities only as a last means of preventing supplies from falling into the hands of enemy or dissident elements.
- (4) The use of riot control agents is authorized in accordance with reference (c).
- (5) Rules of engagement will be in accordance with reference (d).
- (6) Map and overlay package available at S-3 office.

4. ADMINISTRATION AND LOGISTICS

In accordance with reference (b).

5. COMMAND AND COMMUNICATIONS-ELECTRONICS

- A. Communications-Electronics. Frequencies and call signs for I Corps organizations-Current I Corps SOI.

3. EXECUTION

- A. Concept of Operations. Alert Force is immediately deployed to engage enemy forces in contact, exploit "hot" intelligence on enemy movement or location, or to carry out other assigned missions, i.e. protect downed aircraft and crews. SPARROW HAWK and BALD EAGLE responsibility is normally assigned to a rifle company located at the Bn CP.
- B. Rifle Company. On order assume the responsibility for SPARROW HAWK or BALD EAGLE alert as required, daily between 0600-1900,
- (1) Maintain SPARROW HAWK in an alert posture which will insure their arrival in the battalion IZ # 412 within 15 minutes after the order to execute is given.
 - (2) Organize and equip SPARROW HAWK/BALD EAGLE in accordance with Annex A(Task Organization).
 - (3) Upon order to execute the company commander and the Alert Force Commander will report to the COG immediately for briefing. Briefing of the SPARROW HAWK squad by the Alert Force Commander will take place at the battalion IZ.
 - (4) It is highly probable that a SPARROW HAWK mission will escalate into a deployment of platoon or company size force by making multiple lifts with available helicopters. The company assigned SPARROW HAWK will organize an additional SPARROW HAWK squad immediately upon receiving the order to launch the alert squad.
- C. Coordinating instructions
- (1) Employment of SPARROW HAWK will be approved by the Battalion Commander.
 - (2) Company Commanders are encouraged to request a SPARROW HAWK whenever justified by the tactical situation.
 - (3) The S-3 will brief the company commander and SPARROW HAWK Commander.
 - (4) OpCon of the SPARROW HAWK will be retained by the Battalion, passed to a subordinate company, or passed to a unit outside the command.

1. SITUATION

- A. Enemy. See current IntSums.
B. Friendly. See reference (a).

2. MISSION

The mission of the Marine/Navy elements of CAP is to organize, train, advise and, as necessary initially provide the combat skilled leadership to the members in the defense and pacification of their area. The primary and secondary missions of the FF's are:

A. Primary

- (1) Destroy the VC infrastructure within the village, hamlet area of responsibility.
- (2) Protect public security and help maintain law and order.
- (3) Protect friendly infrastructure.
- (4) Protect bases and communications axes within the villages and hamlets.

- (1) Organize peoples' intelligence nets.
- (2) Participate in civic actions and conduct propaganda against the VC.

3. EXECUTION

- A. Concept. To accomplish the mission, early development of PF leadership is mandatory. Closely interrelated with the execution of the mission is the conduct of psychological operations and civic action projects to enhance the development of a viable local civil leadership and economy. The ultimate goal is to develop the PF's into self-sufficient local defense groups that identify themselves as completely loyal and responsive to the local and national government. In pursuing this goal, extreme care is to be exercised to insure full cooperation between the local populace, civil leaders, and the PF's.
- (1) Operational control of the CAP unit is retained by the Battalion under the direct supervision of the CAP Officer who will coordinate all activities of the CAP with the company commander of the company sector in which the CAP is located.
 - (2) The relationship between the CAP squad leader and the PF leader is based on coordination and cooperation. The Marine squad leader is not in command. His role is to act as an advisor and instructor for the PF's. All other Marines in the squad serve in the same capacity.
 - (3) Appropriate tasks for the CAP unit are as follows:
 - (a) Motivate, instill pride, patriotism and aggressiveness in Popular Forces.
 - (b) Conduct day and night patrols and ambushes in assigned areas.
 - (c) Conduct training in general military subjects, leadership and language for all personnel of the CAP unit to increase the proficiency of the PF elements so that Marine elements may ultimately be withdrawn and PF elements will continue to perform in a proficient manner.
 - (d) Conduct combined operations with ARVN and U.S. Marine Corps units in coordination with the District

- (e) Marine squad leaders in individual CAPs will function as U.S. Revolutionary Development representatives for the hamlet which they are assigned.
- (f) Establish an intelligence apparatus in and about the hamlet in which located, in conjunction with local indigenous, ARVN, and civilian representatives. Insure that information gathered is made available promptly and on a regular basis to the intelligence center at District level as well as to the Marine Company Commander.

B. Coordinating instructions. See references (a) and (b).

4. ADMINISTRATION AND LOGISTICS

- A. Personnel administration. Selection and administration of personnel in CAP units will be accomplished in accordance with references (c) and (d) on all matters pertaining to discipline, performance of duty, promotion, leave, mail, reenlistment, R&P, etc. Casualty reporting will be accomplished as prescribed by references (c) and (d) from the CAP Officer to the 4dCon Commander.
- B. Initial equipment and supplies authorized are as prescribed in references (b) and (c). Resupply requests will be submitted in accordance with reference (a), as required.
- C. Records. CAP squad leader will maintain a record of all training conducted, listing subject and hours. A record of all operations, activities, village contacts, civic action projects, personnel data, training conducted including hours by subject, and property inventory records reflecting all property on charge to the CAP with dates received and issuing unit.
- D. Reports
 - (1) The CAP Officer will submit a monthly report on the various civic action/pacification and revolutionary development activities conducted by their CAPs. Report due to Bn S-3 via Bn S-5 on the seventh of each month.
 - (a) Location/Designation of the CAP.
