“God knows we’re trying”

**Bl. Junipero Serra**

### **The Church Shall Prevail**

By: Eugene A. Santoro

June 21, 2013

A while back I wrote an article and made a video called “Why Are They Trying to Kill God’s Chosen People?” Through the video, I tried to explain why the Jews have been the target of extermination by the Egyptians, Nazis, and many Arab countries. In my opinion, I had concluded that the elimination of God’s chosen people would question the existence of God, or prove that God does not exist. Now, I fear that my country is on the same endless path trying to prove that there is no God.

Jesus Himself said, **“And I say to thee: That thou art Peter; and upon this rock I will build my church, and the gates of hell shall not prevail against it.”** (*Matthew 16: 18*)

Jesus declared that His church

cannot be destroyed; no matter what happens, His church will survive. So, once again, evil’s goal is to prove that there is no God. The enemies of Christianity plan to keep God hidden from the people, they think we will forget about Him. Take away His word; remove His name from where ever it is referenced. Do not mention or refer to His name on the battlefield, at graduations, in text books, or on our bills and coins.

Remove any reminder of Christ such as the Ten Commandments, Crosses, Medals, Rosary Beads, Bibles, etc...

If you watched the Democratic Convention this past Presidential Election, they actually voted to not use the word God in any of their speeches. The vote was taken three times before they ruled that any reference to God can be used. The vote was, from what I heard, to keep God out.

Today’s Democratic Party is not the Democratic Party My father was a member of; it is not the Democratic Party I was a member of. 51% of their membership should be

called the Demon-cratic Party.

Some people think that the super powerful storms have been sent by God to punish us for what we are becoming (or are). I believe it is the work of Satan himself that is causing these horrendous storms; even though he is not omnipotent, he knows when tragedy strikes, most people will blame God and turn away from Him. Right now, as much as we hate to admit it, Satan is winning the battle and we are the prize.

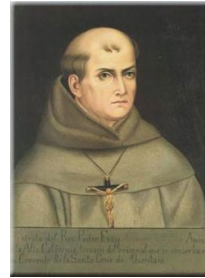

Jesus has declared that “the gates of hell shall not prevail against His Church.” Many evil people have tried to destroy God but, no matter what happens, I am backing my Lord and Savior Jesus Christ because He preaches Love not hate.

Since time began men have been trying to live life without barriers. In their minds, God has always been in their way. God is, God was, and God will forever be. Without God we exist temporarily on a foundation of sand.

**Patron of Vocations**

1713 - 1784

Beatified By: Pope John Paul II

**Miguel Jose Serra** was born on the island of Majorca on November 24, 1713, and took the name of Junipero when in 1730, he entered the Franciscan Order. Ordained in 1737, he taught philosophy and theology at the University of Padua until 1749.

At the age of thirty-seven, he landed in Mexico City on January 1, 1750, and spent the rest of his life working for the conversion of the peoples of the New World.

In 1768, Father Serra took over the missions of the Jesuits (who had been wrongly expelled by the government) in the Mexican province of Lower California and Upper California (modern day California). An indefatigable worker, Serra was in large part responsible for the foundation and spread of the Church on the West Coast of the United States when it was still mission territory.

He founded twenty-one missions and converted thousands of Indians. The converts were taught sound methods of agriculture, cattle raising, and arts and crafts.

Junipero was a dedicated religious and missionary. He was imbued with a penitential spirit and practiced austerity in sleep, eating, and other activities. On August 28, 1784, worn out by his apostolic labors, Father Serra was called to his eternal rest. He was beatified by Pope John Paul II on September 25, 1988. His statue, representing the state of California, is in National Statuary Hall. His feast day is July 1.

Leading pro-life advocates

spearheaded a tweetfest on Twitter today to lobby the Philadelphia

### **Scientists Know Unborn Babies Feel Pain in Abortions, Will Congress Listen?**

Infant pain capability is now so well established and studied that the specialty of pediatric anesthesiology has evolved to help tiny babies tolerate surgical interventions.

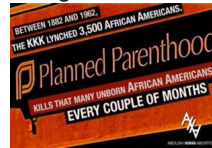

Consider how mainstream medicine acknowledges that newborns (including preemies) feel pain: circumcisions are now routinely performed after topical numbing and the World Health Organization recommends pain relief for the mandatory □ heel sticks □ drawing the child's blood after delivery. <http://www.lifenews.com/2013/06/07/scientists-know-unborn-babies-feel-pain-in-abortions-will-congress-listen/>

## Planned Parenthood Has More African-American Blood on Its Hands Than the KKK

Juxtaposing the things that do and don't offend pro-aborts never ceases to sicken. It recently came to light that E.W. Jackson, the Republican candidate for lieutenant governor of Virginia, once said the following:

It is time to end the slavish devotion to the Democrat party. They have insulted us, used us, and manipulated us. They have saturated the black community with ridiculous lies[.] □ The Democrat party has created an unholy alliance between certain so-called civil rights leaders and Planned Parenthood, which has killed unborn black babies by the tens of millions. Planned Parenthood has been far more lethal to black lives than the KKK ever was. And the Democrat

party and their black civil rights allies are partners in this genocide. <http://www.lifenews.com/2013/06/07/planned-parenthood-has-more-african-american-blood-on-its-hands-than-the-kkk/>

## Abortionist Who Twisted Off Necks of Babies Born Alive Must be Investigated

The state of Texas isn't letting the □ Texas Gosnell □ case of abortionist Douglas Karpén fade away. Twenty lawmakers in the Lone Star state have signed a letter asking for a full-scale criminal investigation of the doctor accused of illegal abortions that rival Kermit Gosnell's House of Horrors.

Led by District 61 State Representative Phil King, Texas lawmakers sent a letter to officials asking for a full criminal investigation. ## Man Hires Hitman to Kill His Girlfriend After She Refuses Abortion

A Connecticut man stands accused of hiring a hitman to kill his pregnant girlfriend after she refused his request to get an abortion. ### **Pastors Must Preach Against Abortion More Often, We Must Encourage Them**

Many people find themselves in churches in which ministers rarely, if ever, preach against abortion from the pulpit. The abortion issue is also a subject we rarely address in social circles or with family, even though we know it touches the lives of so many. Perhaps because abortion is so prevalent we end up avoiding the topic in order not to offend. Abortion,

however, is a subject that must be addressed openly, particularly among Christians, and it can be done both in truth and grace.

Recently, theologian R.C. Sproul Jr. published a blog post in which he explored reasons why pastors do not preach on abortion. <http://www.lifenews.com/2013/06/09/pastors-must-preach-against-abortion-more-often-we-must-encourage-them/>

### **Ireland: Record Numbers of Pro-Lifers Attend National Vigil Against Abortion**

life demonstration in the country and one of the biggest gatherings so far this year, event organizers said, with well over 40,000 people in attendance.

## One Baby Lived, The Other Baby Died: Finding and Sharing Hope After Tragedy

When Marlena Diedrich and her husband Josef learned they were expecting twin girls, they were ecstatic. Like most parents, they hoped and prayed for a healthy pregnancy, and for the majority of the pregnancy, all was well. However, at 30 weeks, Marlena went into labor. Doctors were able to stop it, but they discovered that one of the girls □ already named Grace was under distress and wasn't taking in any amniotic fluid. Grace was given a very poor prognosis, and Marlena was transported to a different hospital with a new team of doctors and a more advanced

neonatal intensive care unit. <http://www.lifenews.com/2013/06/09/one-baby-lived-the-other-baby-died-finding-and-sharing-hope-after-tragedy/>

## Pro-Choice □ Blogger Mocks Father's Anguish Over Abortion Of His Baby

A common tale is the man who gets a girl pregnant, and then pressures her into having an abortion.

For men just looking to screw around and avoid commitment at any cost, abortion is the perfect solution. Abortion allows them to use a woman and then leave her, have sex and still avoid any kind of consequences or responsibility for their actions.

But what about the other side of the coin? The man who grieves at the abortion of his child, who wants to step up and take responsibility and make a commitment, is not often mentioned in the abortion discussion. <http://www.lifenews.com/2013/06/09/pro-choice-blogger-mocks-fathers-anguish-over-abortion-of-his-baby/>

## Parents of Sick Kids Forced to Reject Abortion and Euthanasia Suggestions

In 2011, a survey study in the

journal Obstetrics & Gynecology reported that only 14% of practicing obstetrician/gynecologists are willing to perform abortions.<sup>1</sup> In Oregon, the first state to legalize assisted suicide in 1994, just a small number of physicians have been writing the majority of lethal overdose prescriptions.<sup>2</sup>

Still, many mainstream media outlets report overwhelming support for both abortion and the so-called "right to die" as politically correct and humane, while opponents are cast as unfeeling religious bigots. <http://www.lifenews.com/2013/06/09/parents-of-sick-kids-forced-to-reject-abortion-and-euthanasia-suggestions/>

About 20 activists turned out at a press conference yesterday held by several national pro-

life groups in front of one of Douglas Karpen's Houston abortion clinics where former workers say Gosnell-like atrocities occurred, including the intentional killing of babies born alive during abortions.

Dr. Day Gardner, President of the National Black Pro-Life Union in Washington, D.C. addressed the crowd saying, "Kermit Gosnell is not an anomaly. Planned Parenthood and others who support abortion tried to make it seem like it was.
